"Wonder how many Fig Leaves EVE tried on before she said 'I'll take this one.'"

Anxiety is apparent on the faces of cheerleaders Cathy Walpole and Trudy Soland as they watch time run out on their Sequoits. (Staff Photo)

# Santino Grilled at Chamber Forum

Amid the smiles and courtesy there were some ruffled feathers stirring as the Antioch Chamber of Commerce presented Mr. Thomas Santino, as the guest speaker at their March 6th luncheon.

Santino is the owner of the Antioch Country Club and developer of a proposed 4000 person Planned Unit Development housing project.

Following luncheon, Santino and an associate fielded questions from the 150 odd guests present.

Questions were mainly concerned with the impact the proposed development will have on the schools, taxes, sanitation and water facilities of the village.

Mr Santino deftly answered all questions to the apparent satisfaction of those present and was fortunate to escape the podium without treading on a few over-exposed toes.

He explained that he knew and understood the problems his development will pose on the schools that will receive his project's school-age children. In fact, he publicly offered to give monetary assistance to the schools to offset the delay in receiving taxes from his project's consumers. He would not,

however, quote a figure.

Regarding the issue of sanitation, Santino proposed a tertiary, or three step, sewage treatment facility located on his development and financed by his own money. The plant would meet or exceed all current Environmental Protection Agency requirements and after use could be easily moved to another sight.

Throughout the courteous but, grueling question and answer session, Santino pointed to the fact that his project would mean

growth and development for the surrounding area.

Santino will meet with the Lake County Zoning Commission on Friday, March 10th, at 10 A.M. in the Antioch Savings and Loan to petition for a change in zoning for the portion of his project south of Grass Lake Rd.

Following this meeting, Santino and the Commission will travel to Lake Villa, where they will hold another public meeting at 2:30 p.m. in the Village Hall.

## Last Second Annexation of Antioch Country Club ?

The Village Board cleared it's desk of business early at the March 6th meeting and then entered into a long and perplexing discussion of the housing development planned for the Antioch Country Club by it's owner Thomas Santino.

The highlight of the discussion was a lengthy conversation between Mayor

Ray Toft and Village Engineer Frank Angelotti. While the small crowd and trustees listened intently, the two mulled over the pros and cons for annexation of the development into the village.

After talk of school impact, sanitation facilities, sewer and water, zoning and building, tap-on and annexation fees had

been exhausted, it was their opinion the development would be better off in the village than as a ward of the county.

Toft noted that the development is "here and here to stay. No amount of hand sitting is going to make it disappear."

Trustee George Bartlett commented that as regards the schools, "the school districts will get the children regardless if the development is in the village or not."

Angelotti said he thought once the developer had been granted his zoning from the county "he wouldn't have a reason to discuss with us what he already has from the county."

While the discussion withered of its' own weight; without a decision, many felt that a last second "package deal" might be completed and offered to Santino prior to his meeting with the Lake County Zoning Commission Friday.

Adding fuel to the fire was a report that the board would hold a special meeting on Wednesday, March 8th.

From all indications the "package deal" may become reality at the noon meeting. It will be open to the public.

Students from Antioch High School get instructions on proper use of Voting Machine from Mr. Curtis, (center) Social Studies Teacher and Mrs. Marilyn Sterbenz, Village Clerk.

Mrs. Sterbenz had previously video taped a fifteen minute presentation on voting procedure, aimed at acquainting young people who will soon turn 18 and acquire the right to vote. Of the 282 seniors at the high school, over 85% will be eligible to vote in the November Presidential election. (Staff Photo)

## GRASS LAKE BUILDING REFERENDUM FAILS

Grass Lake Schools' \$295,000 building referendum was defeated Saturday, by an extremely thin margin.

The measure followed a path, well-traveled by other schools, in losing by a scant 38 votes, 177-215.

William Hart, Grass Lake principal, said, following the close defeat, that there was a "good possibility" the measure might soon be returned to the voters. "I'm quite sure this

would be the predominant feeling."

"There is a distinct need for more building space here," Hart said. "As of now I don't know of any adjustments that can be made in the present facility."

Hart indicated that the administration and board would sit down to canvas the vote and map future strategy at their next meeting, March 14th.

**EDITORS NOTE:** The following is a press release prepared by the Antioch High School Administration and Referendum Publicity Committee regarding the March 25th Education Fund-Rate Referendum.

During the ten year period from the 1960-61 school year through the 1970-71 school year, our enrollment, and consequently our staff, have approximately doubled. Our building size has more than doubled to keep pace with rising enrollments. Because such things as the cost of living, staff salaries, cost of supplies and equipment, etc., have increased greatly, our Cost Per Pupil has more than doubled in the last ten years.

During that same time period, Antioch Community High School's assessed valuation (worth of all taxable property in District No. 117) has increased by 38% and its tax rate has increased only 23%.

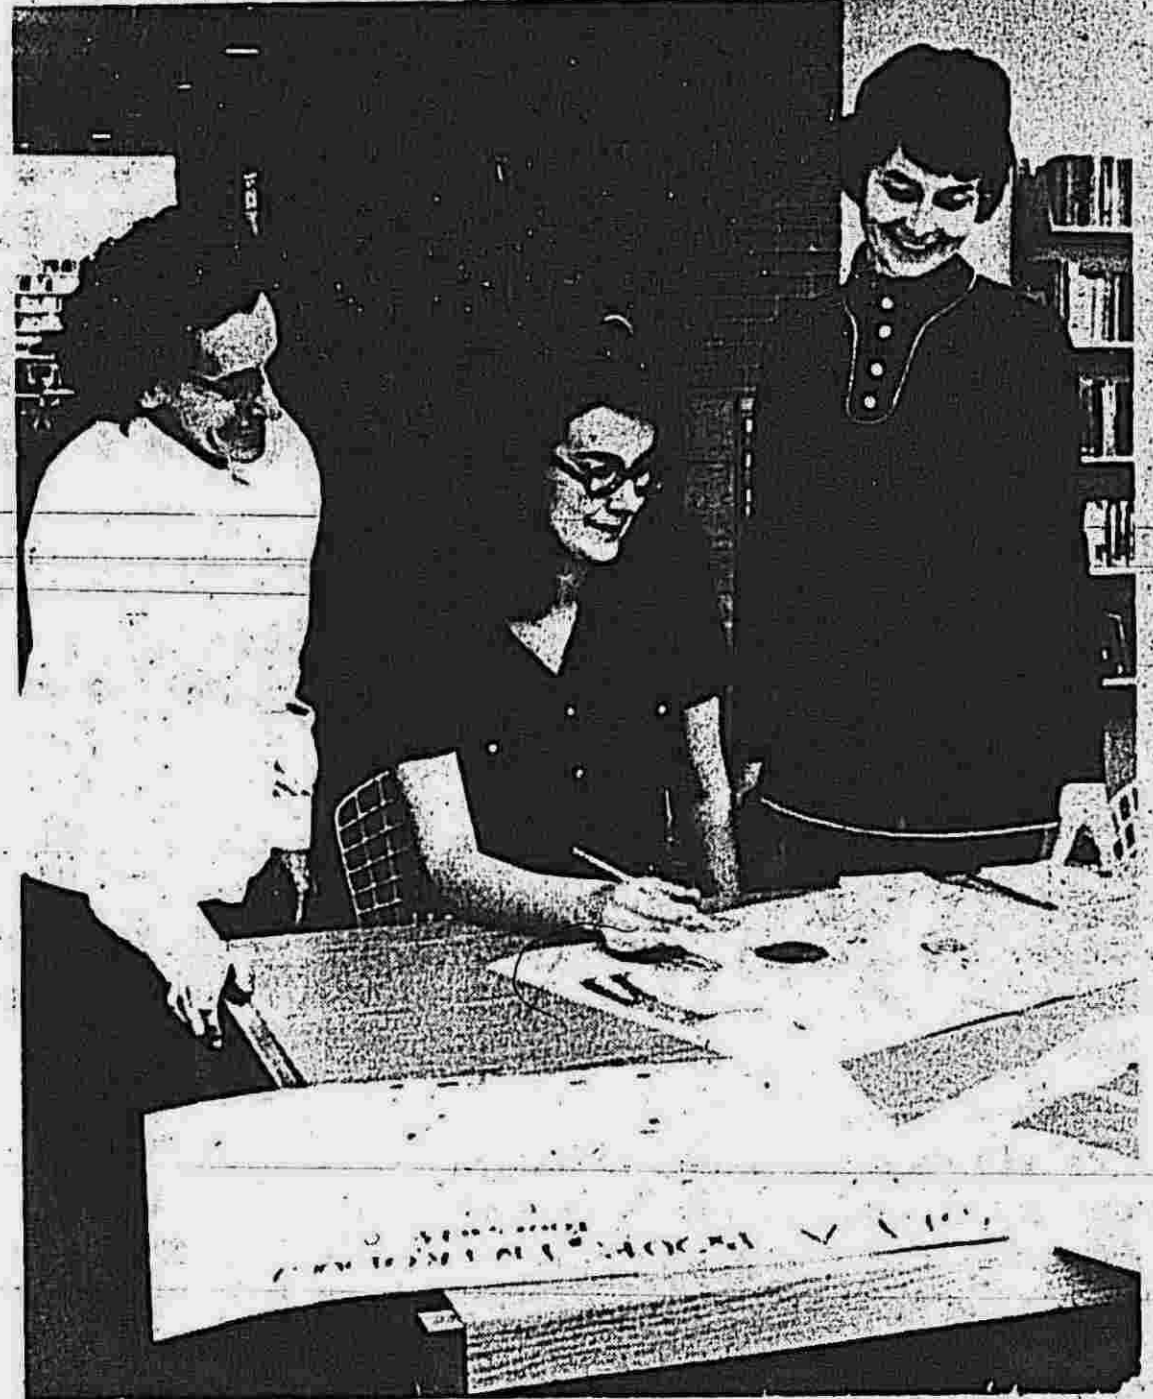

What all these percentages mean is that although our revenues have increased somewhat over the last ten years, they haven't begun to keep pace with our rising costs.

This situation presents the voters of Antioch Community High School District No. 117 with the necessity of making a very difficult and extremely important decision; will the voters believe we have a good educational program and support the tax increase; or, will they feel the students can get by without extra-curricular activities, supportive services and some programs? The voters must decide.

Judges for the Library Poster Contest Head Librarian, Miss Betty Lou Williams, Miss Dianne Busch, Librarian at Antioch Community High School, and Mrs. Stuart Good, 1st Grade teacher at Gavin School in Fox Lake and art enthusiast, are looking at the winning poster that was submitted for the National Library Week poster contest. The judges chose the winning poster that best depicted the theme which was "Getting Acquainted With Books". (Staff Photo)

### JEAN CILIK IS POSTER WINNER

Antioch Township librarian, Betty Lu Williams has announced the winner in the National Library Week poster contest from Antioch.

She is Jean Cilik 9, of Rt. 2, Antioch. Jean, a fourth grader at Emmons School was chosen from a field of 21 entrants.

Two other fourth graders received honorable mentions. They are: Laura Dubek and Denise Connelly, both of Rt. 2, in Antioch. All three girls are fourth grade students of Miss Dee Baum in the Emmons Grade School.

The posters are part of National Library Week, to be held April 16th through 22nd.

The celebration is entitled "Books Bring People Together" and is designed to draw attention to the facilities and resources available at your

local library.

Miss Cilik's prize winning entry will now be forwarded to the Northern Illinois Grade School District headquarters, where her poster will go into competition with other district winners. The National Library Week Committee will provide a set of the "Junior Britannica" Encyclopedia as prize for the system winner. These winners will be announced in Springfield during National Library Week.

Mr. John E. Velde, Jr., National Chairman, is currently working to bring Mrs. Pat Nixon to Springfield in May to present a program on the Right to Read and to present the prizes to the 18 system poster winners, plus the grand prize for the statewide poster winner of a set of the "Encyclopedia Britannica."

## RESPONSIBILITY IN GOVERNMENT

It has been said that the difference between a politician and a statesman is one hundred years. This becomes more evident as we begin to hear the rhetoric of a national election year. It takes real statesmanship to speak out for or against issues which might adversely affect a candidate's reception at the polls.

Two of our great Presidents, whose birthdays we celebrate this month, had the courage to speak their true convictions.

George Washington aptly expressed his feelings when he said, "Truth will ultimately prevail where there is pain to bring it to light."

And Abraham Lincoln showed confidence in the fair judgment of the electorate when he said, "I have faith in the people...the danger is in their being misled. Let them know the truth and the country is safe."

These comments are especially appropriate in this election year.

## GIRL SCOUT WEEK

Girl Scout Week, to be commemorated March 12-18, marks the 60th Anniversary of Girl Scouts of the U.S.A. The purpose of the Girl Scouts' organization remains unchanged from the day it was founded by Juliette Gordon Low in 1912. It seeks to inspire girls with the highest ideals of character, conduct, patriotism and service so that they may become happy and resourceful citizens. Membership is open to all girls from 7 through 17 years of age who accept the Girl Scout Promise and Laws. Total membership is now nearly four million. This includes 3,250,000 girls and 670,000 adults. Since 1912, there have been almost 32 million members (25 million girls and 7 million adults). The adult members serve as leaders, program consultants or as members of boards of directors, finance committees, camp committees, troop committees or in other positions of voluntary leadership.

During Girl Scout Week the public has an opportunity to become better acquainted with its Girl Scouts and their leaders. It will be reminded that here is a group of nearly four million citizens embodying the highest qualities of character and idealism. They represent the homemakers and community leaders that will have much to do with shaping tomorrow's America. Congratulations and best wishes to Girl Scouts of the United States of America on their 60th birthday.

## Our Congressman

Writ of Habeas Corpus  
 under Attack

The ancient Writ of Habeas Corpus is under attack in the U.S. Congress. This landmark of the Common Law established by Magna Carta in 1215 A.D. was employed originally to secure release from arbitrary detention. It is guaranteed by Article I of the Federal Constitution. The existing Federal statute setting forth the procedures for habeas corpus petitions was enacted in 1867 in order to prevent denial of civil rights during the period

immediately following the Civil War. After lying virtually dormant for more than 75 years, the statute gained currency among prison inmates beginning in about 1953 when the United States Supreme Court in reviewing a criminal conviction criticized sharply the practices of Illinois Courts. Thereafter habeas corpus was employed increasingly by prisoners as a device for securing Federal Court review of state court proceedings under which they were convicted of crimes.

The expanding number of such cases reached more than 9,000 in 1970-with the result that Federal District Court dockets have become cluttered and the staffs of State Attorneys General have been enlarged to defend against these proceedings for release from prison sentences.

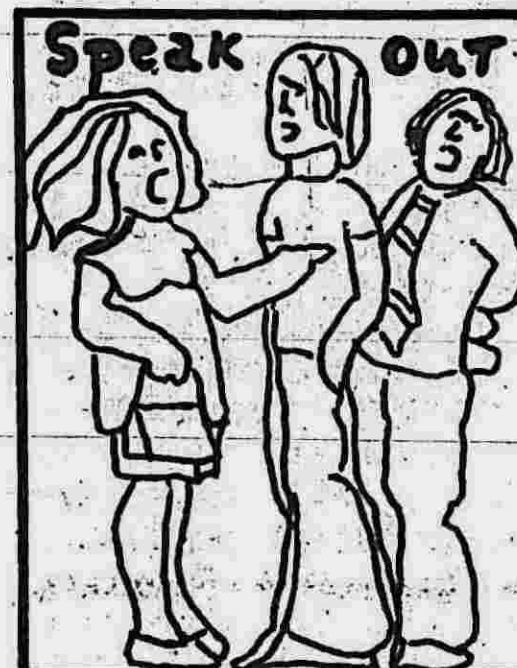

The Illinois General Assembly has established a comprehensive post conviction practice which permits a full review of all Constitutional rights to which convicted criminals were legitimately entitled. Most other states now have followed the Illinois pattern. However, in some state court proceedings, instances continue to occur where defendants in criminal cases have been deprived of

their Constitutional rights (a) to counsel or (b) to be confronted with the witnesses against them- or because of the denial of some other basic Constitutional rights. The measure pending before the House Judiciary Committee would not jeopardize the right to a writ of habeas corpus for review in such cases.

Arguments presented by various attorneys general emphasizing the large number of "frivolous" petitions for habeas corpus-and estimating the small number of petitions which are "meritorious"-were not too convincing. Such arguments must yield to the principle that no fundamental rights should be denied or abridged which might enable even one innocent victim to be released from prison following an erroneous conviction.

No witnesses representing civil liberties organizations-bar associations or other groups-have yet testified on this measure.

Efforts to relieve the Federal courts and states attorneys general of useless litigation are most persuasive; but individual rights, even of those imprisoned, should not be diluted by denial of an existing remedy-unless other equally adequate remedies are available.

by Gigi Spittle

Last Wednesday, March 1, there was a film shown at A.C.H.S. about DRUGS. It starred ART LINKLETTER, who's daughter died a few years ago from a bad trip on LSD. He has been traveling all over since then talking to professionals as well as kids on the subject of drugs.

The film didn't have any action scenes. It had Art Linkletter talking to an audience of parents about the dangers of drugs. He emphasized that all this talk going around about legalizing marijuana is a lot of bunk. Many experts believe marijuana can produce serious psychological dependence. The user may develop a compulsive urge to use marijuana to satisfy a psychological need. Mr. Linkletter didn't blame the kids for experimenting with drugs today. He said a lot of the fault is their parents or environment. For example, on the television set, a young person sees advertisements that claim, "Take one pill and all your worries will disappear" or "One pill is all you need to get a good night's sleep." Naturally, when this person grows older, he is going to think pills will help get rid of his problems and cause of anxiety. Mr. Linkletter also mentioned that the hours of T.V. a child watches before the age of five is more than the amount of time he will spend in a classroom until he is in 5th grade! Or what about the parent who takes tranquilizers in the morning to get through the day, drink a martini or two before dinner, then pop a couple of sleeping pills before going to bed, then tell their

YES!! I would like to see the movie, "ART LINKLETTER TALKS WITH PARENTS" reshowed

YES!! If enough people vote YES to the above questions so that the movie is reshowed, I will volunteer to help put up advertisement for it, or help in any way I can.

NAME \_\_\_\_\_

PHONE NO. \_\_\_\_\_

Send to GIGI SPITTLE, 1017 Bishop Street, Antioch, Ill. 60002, drop off coupon at Antioch Police Station, or call MR. ALAN KNUTSEN at 395-1503 with your response.

child "Don't pop pills or drink, etc." The child will do as he sees, not as he hears. Did you know that one grain of LSD may activate reoccurring bad trip for the rest of your life, not to mention what it can do to unborn babies...

I think one reason why I especially got a lot out of the movie was that Mr. Linkletter didn't start harping on the old standbys, "When I was a kid, we found better things to do" or "Where did I go wrong?", etc. He has experienced a death in his family because of drugs, and he talks strongly about forming committees of parents to help combat this dependant. In the movie he says drugs can happen to any family, whether they are rich, poor, educated, living in the ghetto, middle class, etc.. He explains how a parent can tell if his child is using drugs. For example, if things start missing around the house, a change in personality, etc.. He talked about the different kinds of drugs, hallucinogens, amphetamines, barbituates, narcotics, etc.. When barbituates are taken improperly, they offer a potential drug dependence that is both physical and psychological.

MR. ALAN KNUTSEN, President of the PTA at A.C.H.S., said this movie can be reshowed if enough people respond to my column. Please fill in the accompanying coupon, and send it to me today, drop it off at the

Antioch Police Station, or call MR. ALAN KNUTSEN at 395-1503 to vote "YES!!" Don't think I will get responses from other people, because I need YOUR response to have "ART LINKLETTER TALKS WITH PARENTS" shown again! All I need is 5 or 10 people to respond, and the movie will be able to be seen again! So please, fill in the coupon and send it to me, drop it off at the Antioch Police Station, or call Mr. Knutsen at 395-1503.

Kids as well as parents should not miss this movie again!

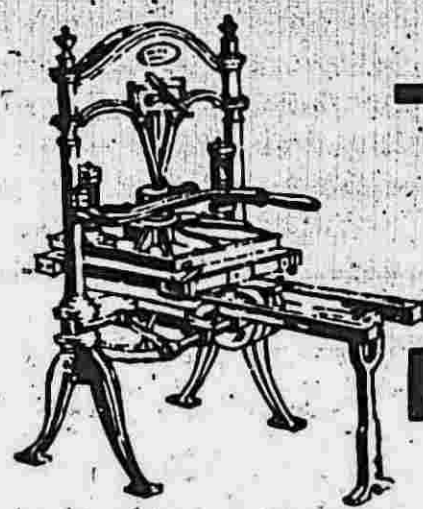

Peace till next week.

Gigi

## The Time Machine

### 70 YEARS AGO - MARCH 6, 1902

"Born to Mr. and Mrs. Will Story, February 28, a baby girl."  
"Call at the News office and see a copy of the beautiful McKinley Memorial Engraving and Sheet music."

The "Blue T" given by the Ladies Aid society was a big success. A photograph gallery of "old time pictures" was one of the interesting and amusing features. Other features included a spelling contest in which you learned if you could spell your neighbors' names and a ten minute silence spot, a fine being imposed on those who broke it.

### 50 YEARS AGO - MARCH 9, 1922

"No, them ain't clotheslines over Charley Lux' store, them's radio wireless wires. With this contraption Charley expects to sit in his easy chair and listen in on the grand opera concerts in Chicago, Detroit, Cleveland or wherever he wishes!"

Shortly after 10:00 a.m. a team of horses belonging to Charles Alvers ran amuck on Main Street and narrowly missed running into a woman and a small girl returning from the depot.

### 35 YEARS AGO - MARCH 11, 1937

"The Hi-Ho Club members were entertained Wednesday afternoon at the home of Miss Irene Haling at Grass Lake. Prizes in pinchle were awarded to Mrs. Alice Waldweiler, Marie Yopp and Frieda Yopp."

#### AD:

Roast Beef	.25 cents lb.
Round Steak	.27 cents lb.
Pork Chops	.24 cents lb.
Apples	.23 cents lb.
Oranges	25 cents dozen

### 25 YEARS AGO - MARCH 6, 1947

"Dr. and Mrs. Hays left Sunday for a few weeks vacation trip to Hot Springs, Ark., they expect to visit friends in Eurika Springs and to spend a few days in the Smokey Mountains."

The American Legion Auxiliary celebrated its birthday anniversary Friday with a pot luck supper at the Legion Home to which husbands were invited. Twenty couples were present.

### 10 YEARS AGO - MARCH 8, 1962

"Solveig Nelson and John Hallwas have been elected by the Junior class to represent their school at Girls' and Boys' State this year. This event is sponsored by the American Legion."

Four Salesmen with Lyons & Ryan Ford will be presented Ford Motor Company's 300-500 Club award at a banquet in Chicago's Conrad Hilton Hotel, Sat. March 10. The four are: Karl Dommick, Raymond Bruhn, Mac E. Ryan, and Anthony Scully.

## Remember When?

Remember when? We don't, but maybe some of you do. It is Antioch or the people from Antioch. For the next few weeks we will publish a photo from a time long past in hopes for some it might spark a fond memory.

If you should happen to know when and where, let us know! We would be very much interested. Also if any of you have a very interesting "remember when" photo of Antioch and would like to share a memory with others, we will try to print it for you.

This weeks picture is by the courtesy of Mrs. Schneider, daughter of Paul Ferris, and is a life-long resident of Antioch.

### COSTLY MISTAKE

Mrs. Jean Tonyan of 40 Hennings Court, Antioch has reported the loss of a ring valued at \$1000.

According to reports, Mrs. Tonyan, who is employed at the Lakeside Restaurant in Antioch, removed the ring to wash her hands and didn't discover she was without it until she returned home from work.

Upon returning to the restaurant the ring was no longer on the shelf where she had placed it.

Evidently the shelf is in an area used by both patrons and employees, but Mrs. Tonyan was not entirely sure it had been stolen.

The ring was, however, insured.

### REVEREND CONQUERED BY ICE NOT FIRE

The Reverend Hershel Benton is listed in fair condition in St. Therese Hospital following a March 5th fall on icy pavement.

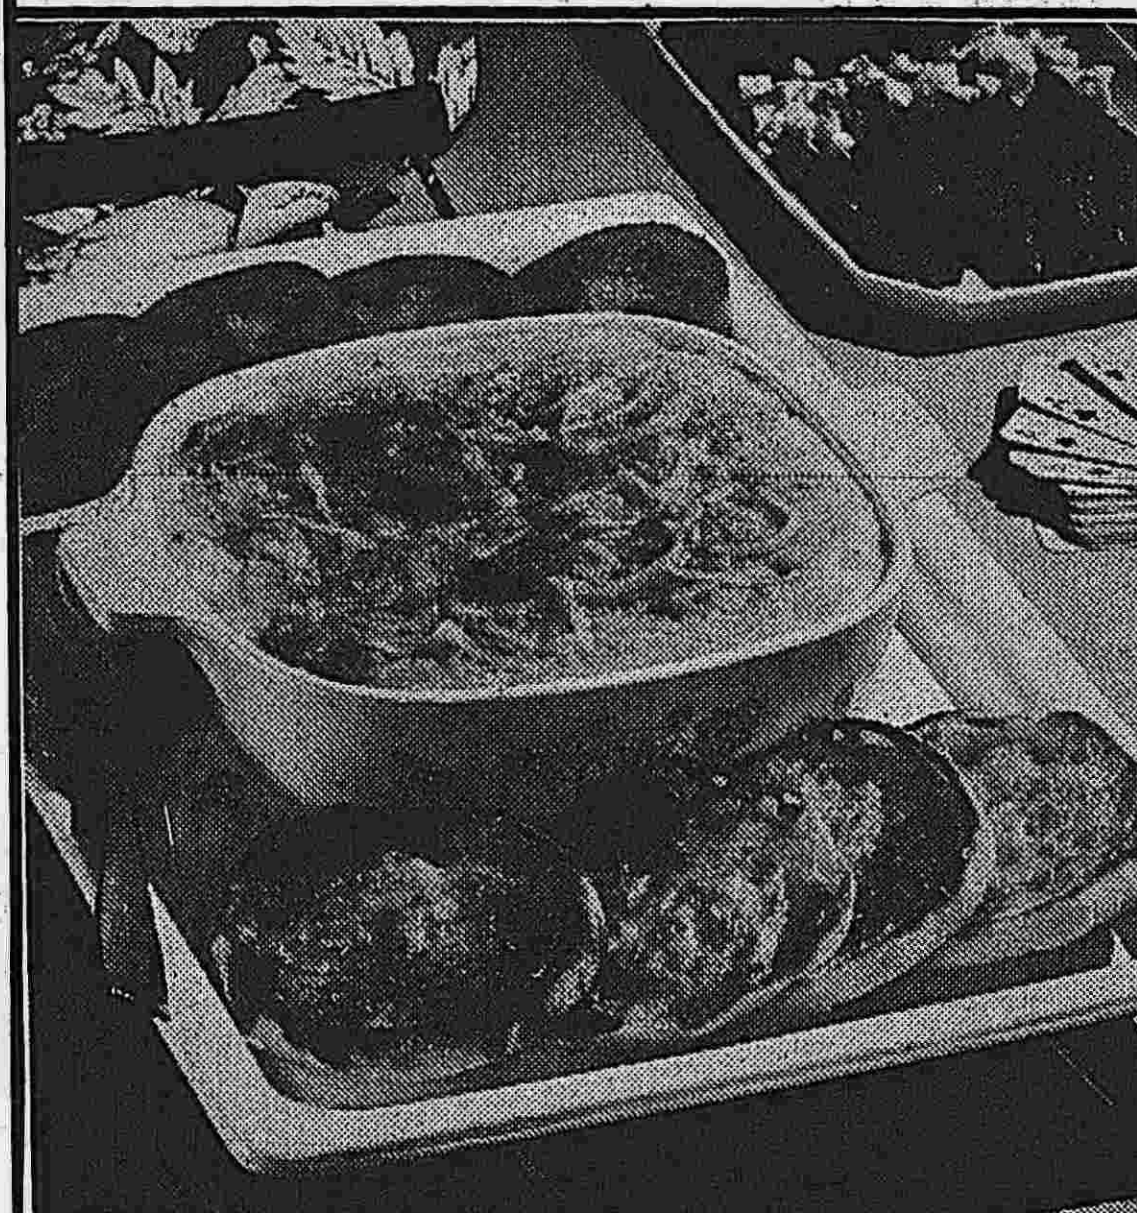

The pastor of the Calvary Baptist Church in Antioch sustained a broken pelvis and will require two or more weeks of hospitalization.

According to police reports Reverend Benton had lain on

the walkway in front of his church for some time awaiting aid.

Mr. and Mrs. Carl Zimmerman of Antioch discovered him upon leaving the church. After carrying him into the vestibule they summoned help and he was rushed to St. Therese Hospital in Waukegan.

### MAKE SCALLOPS AU GRATIN YOUR STRONG SUIT

If good food is your strong suit as a hostess, you'll want to serve Scallops Au Gratin at your next luncheon card party. This creamy combination of scallops, mushrooms and green onions crowned with golden Cheddar cheese makes a tasty topping for buttered English muffins and tomato slices with asparagus vinaigrette as a tangy accompaniment.

2 Tablespoons butter	1/4 cup all-purpose flour
1 Cup Milk	1 Pkg. (12oz.) frozen scallops thawed and drained
1 Can (4oz.) Mushrooms	1/4 Cup Chopped Green Onion
1 Teas. Grated Lemon Peel	1/8 Teas. Garlic Powder
1/8 Teas. Nutmeg	1 Cup (4oz.) Cheddar Cheese shredded
2 Tbles. fine dry bread crumbs	Paprika
English Muffin Halves, buttered and toasted	Tomato Slices

In a large skillet melt butter. Blend in flour. Cook over low heat until mixture is smooth. Remove from heat. Stir in milk. Add scallops, mushrooms with liquid, onion, lemon peel, garlic powder and nutmeg. Cook and stir over medium heat until mixture bubbles and thickens. (About 5 minutes.) Turn into 1 quart buttered baking dish. Combine cheese and bread crumbs. Sprinkle over all. Garnish with paprika. Bake in preheated 325 degree oven, 20 minutes or until mixture bubbles. To serve, top each English muffin half with a slice of tomato; spoon over scallop mixture. Makes 4 servings.

## RED CROSS Goal here is \$1,700.00

Antioch Township's goal in the American Red Cross March Fund Campaign has been set at \$1700.00. The announcement was made here by Preston J. Reckers, Jr., chairman of the 1972 Red Cross fund drive for the township. Reckers is a vice president at the State Bank of Antioch.

Assisting Mr. Reckers in the Antioch drive will be Mr. Irv. Walsh of the Antioch Lumber Company as retail chairman, Mr. H.A. Pickard, Jr., President of Pickard China, Inc., as industrial chairman, and Mrs. Jerry Rockow, Assistant Cashier of the State Bank of Antioch, as Treasurer.

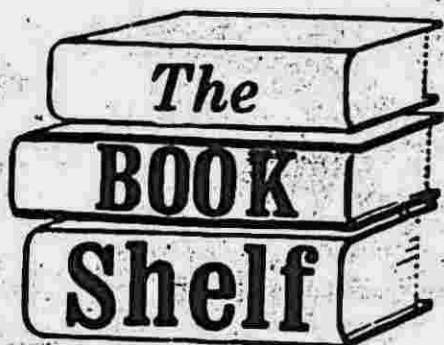

In this drive, as last year, residential areas will be contacted by direct mail, rather than by door to door solicitation.

"The funds contributed here," Reckers said, "will be used to support the chapter's local services and to provide its share of financing the expanding national Red Cross programs, especially services to the Armed Forces and veterans." Particularly important in this area of many lakes, is the training given in First Aid and Life Saving courses. The swimming courses offered at the Antioch Aqua Center each summer are under the supervision of swimming instructors from the Red Cross. The costs of these lessons would be greatly increased if it were not for the help of the Red Cross. First Aid courses on water safety are also offered in

### HOME RULE ON SPECIAL BALLOT

County officials wish to remind voters they need not declare party preference in the March 21st Primary to vote on the issue of Home Rule.

They noted that special ballots had been prepared, separate of the Democratic and Republican party ballots, to enable voters to register their decision on the proposal, while not making their political affiliation known.

LOUIS C TIFFANY'S GLASS-BRONZES-LAMPS by Robert Koch. A comprehensive guide to Tiffany's bronze and glass creations, contains brief descriptions of the decorative objects and includes biographical data on his life.

OKAY, I'LL DO IT MYSELF! OR A HANDYWOMAN'S PRIMER THAT TAKES THE MYSTIQUE OUT OF HOME REPAIRS by Barbara A. Curry. Discusses the tools and techniques for repairing, installing, and replacing objects in the home and includes practical suggestions for decorating and rejuvenating the home.

Library hours are from Noon to 9:00 P.M. Saturday 10:00 A.M. to 5:00 P.M. Records are for loan. Set the mood for a quiet evening, a soul evening or have a rock concert in your own home.

## Burglars "Zero In" on Cars

Recent police reports have shown an alarming rise in car burglaries. In fact, since the first of the month, burglars have struck three times at village auto dealers.

The initial robbery occurred on March 1st when employees of Pittman Motors discovered two cars with the rear tires removed. The cars had been blocked-up on bricks and the tires stolen. A closer inspection revealed a battery had also been taken. Value of the stolen

goods was estimated at nearly \$300.

On Friday, March 3rd, Mr. Joseph Rygielski of Genoa City, Wisconsin, reported that various parts had been removed from his car while it was parked in the Lyons-Ryan Motors lot following service. Included in the theft were an oil pressure gauge, two tachometers and an ampemeter. Police reports list a \$150 loss in this robbery.

On March 4th, Pittman

Motors was again victimized as burglars made off with two tires and wheel covers valued at \$158.

Police sources reported they were hard at work on the case, but could offer no comment on any imminent arrests.

## OUT OF MY PAINTBOX

by Jane Craner

You say, "I can't even draw a straight line" and I reply that straight lines are not expressive and are usually avoided by the artist in drawing. Good drawing should show individualism as does handwriting. Someone taught you to write, so it is reasonable to assume you can be taught to draw. Even a child just old enough to hold a pencil "draws." In fact children's drawings show remarkable expressive quality. They are full of symbols and meanings, known usually only to the children. But with maturity comes inhibitions, the fear of being laughed at for our attempts. Drawing should be taught as was handwriting and be in continuous use for everyone as another means of communication. Though "a picture is worth a thousand words," most people fail to improve their drawing skill. In order to learn to draw well, you should draw a lot, then take instructions from an art teacher, and study on your own. If you are out of school, look into adult education programs and private instructions. Reading and working from art books of your own or from the public libraries will help tremendously. Keep a scrap book of various illustrators' works you like and try to draw like them. You will eventually come into your own style.

Since we are speaking here

of drawing--what is the difference between drawing, sketching and painting? For practical purposes we can say that sketching is a spontaneous, on the spot, rendition usually in line, as opposed to the deliberate planned rendering of line in drawing. And painting assumes one is using paint rather than the drawing and sketching media, such as pencil, ink, or crayon. But typical of art we have conflicts, for even in a painting, we can refer to the sketch as a simple preliminary painting done as a plan for a larger more complicated idea. And beneath the painting is a drawing, that is some plan carefully thought out and often painted in with lines.

Therefore learning to sketch, to draw and to paint are different operations you have to look forward to with the help of "OUT OF MY PAINT BOX." In the meantime the big secret in learning to draw well is two fold: 1. learn all about perspective, and 2. draw, draw, draw.

Happy drawing...

## Social Notes

by Del Jahneke

Excitement and tensions mount! Suspense grips everyone! Are the odds overwhelming? Who will come in first? Is this the famed "Grand Prix" car races? NO, it's considerably closer home, considerably smaller, lots more fun and no lives lost! It's slot car racing at The Hobby Barn, Route 83, Antioch. Sunday, February 27th, the four hour endure was held with 1/24 scale slot car races. A new record was set of 3,350 laps by first place winners - Ken Mattes and Mike Dufers, the "drivers" and team-mate, Ed Jahneke, Jr. Second place winners with 3,025 laps were Ken Pape, Art Gasparino and Ed Ruter; and third place winners were Jerry Mayer, Steve Langley and Jeff May, with 2,753 laps. It is estimated that these small scale slot cars are actually racing at the equivalent speed of 350 miles per car! So, for action, excitement, thrills and chills - see the slot car races!

Braving the icy elements last Wednesday night, the Ray Rathmann's, Oakwood Knolls, enjoyed a pleasant and warm pot luck supper party held at the Lithuanian Club in North Chicago, and hosted by the Illinois Bell Telephone's Pioneer Club. Accompanying them was Mrs. Norman Jascinski of Roselle, Ray's

sister and also, an accomplished accordeonist. It was she who provided the music for dining and dancing afterwards. The Harold Newyear's of Waukegan, formerly of Lindenhurst, were Eunice and Ray's evening companions.

Four Junior Girl Scouts (Lori Shaffer, Mary Stevenson, Colleen DeVries and Joy Bowman) attended the March 1st meeting of Brownie Troop No. 185, held at the Antioch Scout House. The four girls taught several songs to the Brownies. Then, on March 4th, the Brownies, with their leaders, Mrs. Donna Dahlberg and Mrs. Fran Vajac; plus Mrs. Jan Berdick and Mrs. Arlene Bastian; had the inspiring and interesting experience of touring St. Benedict's Abbey in Wisconsin. Brother Martin conducted their tour, and told them stories from both the Old and the New Testament.

"SURPRISE! HAPPY BIRTHDAY!" greeted Jean Handschiegel, Grass Lake Road; when she returned with husband, John, from an

## Easter Seal Telethon March 25th

Paul Sachs, president of the Lake County Easter Seal Society announced that the local chapter will be participating in a National Easter Seal Telethon Saturday, March 25 and Palm Sunday, March 26. The Lake County Chapter will join ten others in northeastern Illinois in sponsoring the telethon which will be aired on Channel 11 WTTW-TV, from 10 PM Saturday through 6 PM on Sunday.

"A parade of stars will provide entertainment while making an appeal to help the handicapped", Sachs said. Such stars as Lake County's own Jack Benny will join in this first Naitonwide Easter Seal Telethon.

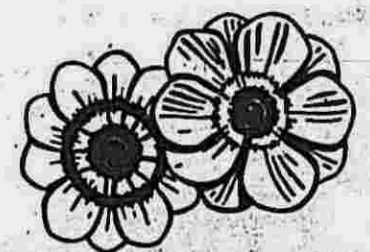

"Joining this telethon," Sachs said, "will enable us to continue in our efforts to provide services for the handicapped children and adults of Lake County".

Sachs pointed out that Lake

Con't on Page 16

evening's shopping trip, February 19th. Edie and Jerry Shatley, Patti and Ed Jahneke, Jr., and Miss Margie Ciance had planned the party with colored balloons bouncing all over the rooms. Later in the evening, other friends dropped in to offer their congratulations and join in playing "Charades" - that old, but ever new game. A "fun and frolic" evening for one and all! BELATED HAPPY BIRTHDAY WISHES, JEAN!

A lovely baby shower was held for Mrs. Phil Thiele at the Antioch Evangelical Free Church gymnasium, with some sixty ladies in attendance. Judy Thiele received many beautiful and useful gifts for baby-to-be, expected in late April. Hostesses were Mrs. Robert Brant, Mrs. Bernard Fosmark and Mrs. William Amies.

## Along the Way with *Annie Mae*

Sure signs of Spring! RON VOS announced the other day HE saw a robin. It was a cold day, sure hope Mr. Robin will be sticking around!

Good luck and much happiness to RUSS and FLORENCE BARNSTABLE. They were wed Saturday at the Antioch Methodist Church, and will be spending their honeymoon in Sunny Florida.

Seeing that we don't have much snow around here, many snowmobile enthusiasts have been adventuring to northern Wisconsin for a few days. JEAN and FRANK BENES just returned from a 5 day excursion and reported over 40 inches of snow up north. Great for snowmobiling!

An equally beautiful fun-filled week-end was spent at the Playboy Club in Lake Geneva, for (The Boss) EV and ELAINE OFTEDAHL, DICK and ROSE ENDRIES, JIM and VIV MAPLETHORPE, and 6 other couples, all employees of Frostee Foam. While there, they saw comedian Larry Storch performing in the Penthouse and also enjoyed swimming in the indoor pool and snowmobiling.

Note of interest! MRS WM J. STRATTON from Morris, Illinois will be in Antioch for a few days visiting her niece, MARGE MASEK.

Our get well wishes this week go to BILL WILTON, FRANCES BAKER, TONI KISEL, NANCY CRAIG, MRS MARY McCANN and JOE GUTOWSKI, who we hope will be out of the hospital before March 10, to celebrate his birthday. Also to CHET MAXWELL go many wishes. I know this list doesn't begin to cover all the sick ones in and

around Antioch, so get well soon, ALL of you. . .

MRS LAURA SWANSON and MRS MYRA RANDALL were guests of MR & MRS JIM HORTON this past Sunday, March 5. They attended the institution and installation of officers of the Ladies Auxiliary of VFW Post No. 2245 of Grayslake. They met many fine people and made new friends. The ladies said it was gratifying to see the young people becoming more and more involved.

March 12th is the date to remember for SUNNY & HARRY ARNDT, as they will be celebrating their 40th wedding anniversary.

HAPPY GOLDEN WEDDING ANNIVERSARY to CARRIE & MAX IRVING. The big day is March 14. To help make it an especially happy day, GRANDMA CARRIE will celebrate her birthday on the 14th too. Our best wishes go to you both for many years to come.

Don't forget the VIP - Dinner Dance March 25. Deadline for tickets will be March 15. They may be purchased at the First National, State Bank and Antioch Savings & Loan.

Happy Birthday to DOROTHY BARNSTABLE who celebrates on March 7, to COLLETTE QUINN & BARB MITCHELL on the 10th; to VIRGINIA STEFFENBERG on the 12th and to BETTY WAITE & GAIL FIELDS on the 13th; Happy to JOSEPH LUPA and GARY BURNETT on the 14th and FATHER EUGENE KEUSAL and BARBARA MILLER. Belated happy birthday wishes to

FRANK BENES, SR WHO celebrated on March 5.

HOWARD & JEAN JOHNSON and little CHRISTINE recently returned from a relaxing and interesting camping vacation in Florida. They covered lots of ground, camping in a different area every night.

Welcome back to Antioch, RUDY & FLORENCE ECKERT. Our VIP and his lovely wife spent a couple weeks in the 80 degree temperatures of sunny Florida. They sure didn't bring any of that warm weather back to us.

Is your message on the MESSAGE BOARD? Put your message on the MESSAGE BOARD! Have you found the MESSAGE BOARD?

The mighty Sophomore Sequoits took 1st place in their tournament last Saturday by beating Harvard 75-57 and then beating Libertyville 48-46 in two thrilling games. Course the highlight of the evening was when the team threw coach HAHN in the shower, fully clothed! Sure wish we could have ALL seen THAT!

## Lake Villa Referendum Package Fails

Voters in Lake Villa came out in large numbers to defeat a two part school tax package on February 26th. An Educational Fund rate increase fell before voters by an 883 to

369 vote as a Working Cash Bond proposal fared no better, being rejected 812 to 441.

The Education Fund increase would have raised the rate from \$1.11 to \$1.28 per \$1,000 of assessed valuation. The district currently has the dubious distinction of possessing the county's lowest tax rate for elementary schools.

Defeat of the Working Cash Bond issue will mean no relief for the debt ridden district. It is now more than \$350,000 in the red. The cash bonds would have reduced the deficit by \$210,000.

District Superintendent, Dr. Richard Hupper said, "he was naturally disappointed after the defeat, but noted school referendums were facing stiff opposition from tax payers, across the nation."

He stated that district officials will now have to sit down and take a long hard look at their budget. "It will be several weeks before we reach any decision on any program cuts."

The Republican Women's Club of the 12th and 13th District held their reception last Sunday at the Antioch Country Club. There was a nice turn-out and was a chance to meet and talk with the candidates to make an intelligent choice. LILLY PETTY and LILLIAN GOLONKA were hard at work greeting the people.

See you at the ANTIOCH WOMEN'S CLUB Cake and Card Party on Monday the 13th, at the Antioch Savings and Loan; 1 p.m.

On my way,  
ANNIE MAE

## GENERAL MEETING AT PM & L THEATRE

The PM & L will hold a general meeting at the theatre on Main Street on Sunday March 12th. The meeting will be held at 8:00 P.M. and there

will be a workshop production of "CURSE YOU JACK DALTON."

Everybody is welcome and the price is right (free).

## Group 3 Bankers To Hold Spring Meeting

Mr. LaVerne M. Woods, President of the Illinois Bankers Association, Group III, announced the program for the Group III Annual Spring Meeting to be held at the Regency Hyatt House, Rosemont, Ill. on Wednesday, March 15th.

A most interesting and informative program is being planned. The business meeting will be held at 4 o'clock with Mr. Glenn W. Schmidt, as speaker. Mr. Schmidt will talk on Safe Deposit Vault emergencies. There will also be scheduled at 4 o'clock a special Ladies event, Follow

Your Lucky Stars, by Katherine de Jersey, a nationally known professional astrologer.

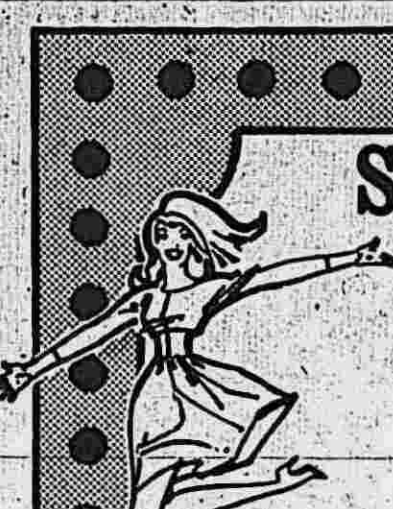

A reception will be held at 6 o'clock with dinner at 7. The dinner speaker will be Mr. Gayle Gupton, a native of Nashville. Mr. Gupton attended Carson-Newman College, Bayloy University of Waco, Texas and is a graduate of the School of Financial Public Relations, Northwestern University of Chicago. Mr. Gupton is known as the Andy Griffith of the banking industry.

## Annual Feast And Fashion Style Show At Methodist Church

It's Spring Fashion Show time again and Thursday evening March 16 is the date for the annual Feast and Fashion Deluxe Dessert Buffet and Style Show sponsored by the Wesley Evening Circle of the United Methodist Church of Antioch. It will be held in Wesley Hall in the church at 7:30 P.M.

Styles this year will be by

Olson's of Grayslake and delicious extra fancy desserts will be served. Tickets are available from all circle members or call Mrs. William Paschke, 395-4428 or Mrs. Leslie Sorensen, 395-0897. Seating is limited so buy your ticket now and catch a breath of Spring on March 16.

HELEN ZEIEN  
ENGAGEMENT  
ANNOUNCED

Mr. and Mrs. Paul Zeien, Jr., of Channel Lake announce the engagement of their daughter Helen, to Mark McKinney, son of Mr. and Mrs. Lee McKinney of rural Antioch.

Miss Zeien is a 1969 graduate of Carmel High School, Mundelein, and is presently employed at Grass Lake Lumber Co.

Mr. McKinney is a 1968 graduate of Wilmot High School and is a Senior at the University of Wisconsin, Whitewater.

A september wedding is being planned.

## County Officials Sponsor Prayer Breakfast

On Saturday, March 25th, the Lake County Public Officials Association will hold their third annual prayer breakfast in the dining hall of Trinity College in Bannockburn.

The 8:45 event is a county version of the Presidential Prayer Breakfast held annually in Washington. The public officials of Lake County, as well as the mayors of many cities and villages of Lake County plan to attend.

The "Prayer Breakfast" was inaugurated in 1952 by religious leaders in the United States Senate and House, as a

time for rededication of the individual and the nation to God.

The annual event will feature addresses by noted area people and special guest speaker John Noble of the Faith and Freedom Forum.

Ticket prices are \$3.00 for students and \$4.00 for adults.

Grant Spong, a worker on this years staff noted that the promoters request ticket reservations be made with Mrs. Donald Dorband, in care of the Lake County Prayer Breakfast at 1817 Western Ave, Waukegan, Ill. 60085 by March 15th.

## La Leche League Meets & Presents Films

La Leche League of Waukegan presents Rock-A-Bye-Baby and Childbirth for the Joy of It for the first time in Waukegan, Saturday, March 18, 1972 at 8:00 p.m. They will be presented in the St. Therese's Nurses Residence. Tickets will be available at the door.

Rock-A-Bye-Baby is a thirty minute film showing the importance of the Mother-Child relationship during the first three years.

Childbirth for the Joy of It is a twenty minute film showing how five different couples react to the joy of normal, unmedicated birth. (No perineal views)

Dr. Dulce Milanes, Mrs. George Needham, R.N., Mr. and Mrs. George Cahill, Founding Mother; and Mr. and Mrs. Dave Kahn, Waukegan Leaders of L.L.L. will be on hand for a question and answer session after the films. Refreshments and door prizes

will follow.

Mrs. Frank Waters, who is in charge of arrangements for the evening, invites all area parents and other interested persons to attend.

La Leche League International is a not-for-profit, nonsectarian organization dedicated to "good mothering through breastfeeding." A medical advisory board of thirty-five eminent physicians works closely with the organization, acting as consultants for medical problems, reviewing all material for publication, and keeping the League informed on the latest developments in pertinent research.

An informal discussion group meets monthly in Waukegan to discuss various aspects of breastfeeding. Further information about La Leche League can be obtained from Mrs. Frank Waters, 336-0525.

## ANTIOCH ASSEMBLY INITIATES TWO NEW MEMBERS

At a regular meeting of Antioch Assembly No. 23, Order of the Rainbow for Girls on February 28th, COLLEEN DE VRIES and DIANE WALSH were initiated into our assembly. Congratulations, girls!

After the meeting, refreshments followed. Our next meeting will be held on March 13th.

## HOME-TOWN NEWS

Mr. Lloyd Pedersen currently singing in Florida as lead vocalist with Wayne King and his orchestra until March 19th will join the fantastic new Lamplighters.

The Lamplighters, a bright and versatile musical sextet revue, are doing contemporary and nostalgic dinner shows nightly in the Top of the Towers at the Arlington Park Towers Hotel, Euclid Avenue near Highway 53, Arlington Heights, Illinois 60006.

### STAFF SERGEANT HARRY C. SPEARS, JR.,

U.S. Air Force Staff Sergeant Harry C. Spears, Jr., son of Mr. and Mrs. Harry Spears of 2405 E. Sunset Lane, Lindenhurst, Ill., is on duty at Bien Hoa AB, Vietnam.

Sergeant Spears, a radio operator, is assigned to a unit of the Air Force

### HAROLD WALSH

Marquette University at Milwaukee has announced that Harold Walsh has been awarded the honor of being named to the Dean's List for his academic achievement.

Harold is a freshman majoring in Business and Accounting. He is a 1971 graduate of Salem Central High School.

Harold is the son of Mr. and Mrs. Harold Walsh of Cross Lake.

### RONNA ANDREWS

#### PLEDGED TO SORORITY

Miss Ronna Andrews, daughter of Mr. and Mrs. Roger Andrews of Hillside, Antioch, has pledged Alpha Delta Pi sorority Delta Omega chapter at Northern Illinois University.

Ronna graduated from Antioch Community High School in June, 1971. A freshman this year at Northern, she is majoring in Business.

Communications Service which provides global communications and air traffic control for the USAF. Before his arrival in Vietnam, he served at Travis AFB, Calif.

The sergeant is a 1960 graduate of York Community High School, Elmhurst, Ill.

There will be a joint children and youth meeting of the 10th District American Legion and the Auxiliary on March 19th, at 2:00 P.M., at the Homer Dahringer American Legion Home in Waukegan. District children and youth co-chairmen, John Jones of North Chicago; and Mrs. Louis Thompson, Waukegan No. 281; state that all post commanders, unit presidents and their respective children and youth chairmen are asked to be in attendance.

Plans will be discussed regarding the annual district picnic for some 150 children from Arden Shore Home, Allendale School for Boys and the Lake Villa Central Baptist Children's Home, to be held at the Lake Regions' American Legion Home in Fox Lake in May. The exact date for this picnic will be set at this meeting. The Lake Regions' American Legion Home is situated on Fox Lake, with spacious picnic grounds, tables and brick fire places for cooking. It has proved an ideal place for these parties, as boat rides are available for children and adults.

Also, on the agenda will be the proposed gifts to be given the children at the Illinois Sailors and Soldiers' Children's School (ISSCS) at Normal, and for Harbord Cottage on June 4th, when the statewide yearly "Pilgrimage to Normal" takes place. This is another event eagerly awaited by the ISSCS children, legionnaires, and Auxiliary members.

### "REACH OUT - IT'S ACTION TIME!"

is the American Legion and the Auxiliary's slogan for their children and youth program. Although food, clothing and shelter are all provided by state or county funds, all the extra little refinements to make living more enjoyable are not. So it is through their children and youth program that the Legion and the Auxiliary remember all children at ISSCS, at Illinois state schools and other institutions at Christmastime with gifts valued at \$2.00, unless a larger combined gift is requested instead for the institution, for the use of all the children there. Two citizenship awards are made at ISSCS; the ISSCS Girl Scout Troop has been sponsored by the American Legion Auxiliary for over 25 years; and there are scholarships available to Junior or Senior college students specializing in teaching the physically or mentally handicapped; plus State donations to other child welfare agencies.

Contributions are also needed for the American Indian Child Scholarship Fund. The Child-family Community Self-Help program, through which a child can help himself, his family and his community, is also a part of the Indian Children Sponsorship Program.

The total amount approximately needed for the state children and youth pledge

will be \$14,000.00. This does not include their spending money fund, or cottage expenses.

The American Legion National Child Welfare Foundation, Inc. is of vast importance to the children and youth program. Money sent by Units, Posts and individuals have made available thousands of dollars to obtain millions of dollars in results for unfortunate children through research, accomplishing outstanding work in the fields of mental retardation in children, juvenile delinquency and many other aspects of the children and youth program.

Mrs. William Dowden has been the children and youth chairman of the Antioch American Legion Auxiliary No. 748 for a number of years. She has represented the Antioch Unit at all 10th District children and youth meetings, participated in the district picnics and Christmas Caravans for the local county children in children's homes.

The Antioch Unit has been sponsoring a boy at Harbord Cottage for the last four years, has always contributed to the state children and youth pledge program, the ISSCS spending money fund, the Harbord Cottage fund and to the other phases of this program. The boy they sponsor at ISSCS is always remembered at Christmas, on his birthday, and on other occasions.

### KATHLEEN BOSTON ON DEAN'S LIST

New Mexico State University has awarded 435 degrees to students who completed degree requirements during the fall semester at the university.

The fall graduates will be recognized during commencement exercises at NMSU on May 13, 1972.

To receive a degree with honors a student must have maintained a 3.2 grade average out of a possible 4.00, at least a 3.75 for high honors, and a 3.9 for highest honors.

Miss Kathleen Boston of Antioch has received a Bachelor of Science degree with honors.

Bloomington, Ill.—A total of 483 Illinois Wesleyan University students, 77 more than for the same period last year, have been named to the Dean's List for the first semester of the 1971-72 school, Dr. John L. Clark, dean of the university, announced today.

Three area students on the Dean's List who have earned a grade-point average of at least 3.250, based on 4.0 for straight A's, during the Fall Term and January Short Term are:

From Antioch—Christine Marie Johnson, Rt. 1, and Janet Ellen Polsgrove, 587 Main Street.

From Lake Villa—Donald C. Sherwood, 182 W. Grand Ave.

## Spotlight on Schoolboard Elections

On April 8th the news spotlight will once again shift back to the school scene and focus on the candidates vying for the unheralded and often unenviable post of school board trustee.

There are a total of ten vacancies now open in five area schools. Eighteen candidates have, as of the date of publication, filed petitions to get on the ballot. The schools will continue to accept petitions through the 17th of March.

At the Antioch High School, two - three year terms are open following decisions by Robert Denman and August

Costoff not to see re-election.

At present, four persons are jockeying to corral the two open berths. Candidates are: Milo Bailey of 688 Hillside, Antioch; Larry Fears of 413 Surrey Lane, Lindenhurst; Glen Moore of 4040 Surrey Lane, Lindenhurst and Michael Warren of 642 North Avenue, Antioch.

Two positions are also open at the Antioch Grade School Board. Incumbent Mildred La Plant is seeking re-election to her post, while two-term veteran Tod Maplethorpe is retiring. One post is, as yet, unclaimed.

Six candidates are running for the two open spots on the Lake Villa Grade School Board. They are: Raelene Gibbons of 1913 Hazelwood Drive, Lake Villa; James C. Hamlin of 60 Cedar Avenue, Lake Villa; Louis Hartokolis of 2511 East Thornwood Drive, Lindenhurst; Robert C. Henderson of Rte 21, Lake

Villa; Lowell Lloyd of 2211 East Witchwood, Lake Villa and John Shore of 319 Burnett St., Lake Villa.

There are four persons, including the two incumbents, running for the two posts on the Grass Lake Board. The incumbents are: Henry Nohova of Lakeview Road, Antioch and John Steitz, Jr. of Bluff Lake, Antioch. The hopefuls are Doris Samson of Woodland Avenue and George Skopek, both of Antioch.

The Emmons School Board features a tough battle being waged by three candidates for the two vacancies. The candidates are Sharon Lichter of Rte 2; Harry J. Lindgren of Rte 5 and the incumbent Ronald S. Sheedlo of Rte 2. All are from Antioch.

### DOWNEY PATIENTS

#### SHOW DAHLIAS

#### AT FLOWER SHOW

A dahlia extravaganza will be awaiting you at the 1972 Chicago World Flower and Garden Show -- thanks to the hard-working patients of the Downey Veterans Hospital and the members of the Central States Dahlia Society.

Also on display, will be a priceless collection of gems and minerals, many carved into forms of people, flowers, birds and animals, others assembled into mosaic masterpieces.

The Flower Show will be held March 18 - 26 in the New McCormick Place. Located at 23rd Street on-the-lake, McCormick Place has permanent dining facilities and large parking areas.

# Candidates Reply

**EDITORS NOTE:** The following is an excerpt from a letter sent by the Antioch News to the five candidates seeking their parties endorsement in the race for State Representative from the 32nd District.

We of The Antioch News, in an attempt to provide our

readers a sound basis on which to make a selection on March 21st are seeking a statement of your position on two issues we feel of special import.

All replies will be printed. However, policy statements which are evasive or nebulous will not go far in regards any endorsement this publication might consider.

1) IF ELECTED, WHAT SPECIFIC PROGRAMS OR POLICIES WILL YOU INITIATE TO BAIL OUT OUR FINANCIALLY ENDANGERED SCHOOL SYSTEMS?

2) WHAT DISTINCT POLICIES WILL YOU EMPLOY, TO INCREASE GOVERNMENTAL DECENTRALIZATION AND LOCAL AUTONOMY.

**DONALD E. DEUSTER**

Republican  
for Illinois State  
Representative

There is little doubt that the financing of our Illinois public school system must be re-adjusted. Three principal reasons require that this be done:

1. Our new Illinois Constitution contemplates that the State will play a "Primary" role in financing our schools;
2. Our new Illinois Constitution calls for the abolition of the personal property tax by January 1, 1979, and requires that the lost revenue be replaced by some statewide tax not based on real estate property; and,
3. Court decisions in Texas, California and other jurisdictions have concluded that the real property tax as a means of supporting public schools is in violation of the "equal protection" clause of the United States Constitution.

If elected to serve you as your State Legislator at Springfield, there are two major considerations that will guide my legislative activity:

1. In my judgment, the people of Illinois are now over-taxed, and tax-weary. We suffer from too much government overall, our taxes are too high overall, and our citizens are unable to either save money or support our private institutions;

2. The plight of our parochial and private schools is largely a result of too heavy a tax burden. More and more parents cannot meet the rising costs of private school tuition. Furthermore, local bond issues and referenda are continually defeated because our taxpayers feel that they cannot bear up under much more taxation.

Therefore, my efforts at Springfield will be focused on two basic objectives to help our schools:

1. Other lower-priority activities of state government must be identified and either reduced in size or abolished. This will not be easy, but stern scrutiny of the State Budget is

the order of the day. It must be done.

2. The multiplicity of Federal-State education programs which are jointly administered can be reduced, and in their stead a program of Federal Revenue Sharing in the field of education initiated. This would return to Illinois automatically by formula a portion of the Federally-collected revenues. Much Washington red-tape and many Washington bureaucrats can be eliminated by this sharing of revenue.

Bear in mind that for every \$1 received from Washington, our Illinois taxpayers sent \$1.65 to the central government. That 65 cents on every Federal dollar of assistance is a mighty and untapped source of financial aid.

Lastly, because it is required by the Constitution, those tax dollars lost through abolition of the personal property tax must be replaced. In my view, some new "package" of increased statewide taxes will be the answer.

Out total Illinois fabric of taxes must be fair to all, efficient to administer and designed to raise revenue—not to discourage individual initiative or the vitality of our private enterprise system. Due to these complex considerations, I am convinced that a broadly balanced "package" will be the end result, and will be the answer that is most fair to all.

Over the past ten years of my service on Capitol Hill, in the national legislative branch as Congressman McClory's Assistant, and in the national executive branch with the Nixon Administration, I have witnessed first hand the tremendous growth of our central government in Washington.

It is obvious to most observers, Republicans, Democrats, liberals and conservatives alike, that our cumbersome Federal bureaucracy simply cannot cope with the complexities of life in America today. Problems in Antioch cannot be solved from Washington.

As your State Legislator, I would work in the following ways to help bring about a decentralization of our governmental fabric. We must bring decision-making authority and money back home here to Illinois, closer to our problems and closer to our people.

1. The proliferation of jointly funded and jointly administered Federal-State programs must be reduced in size and scope. I shall work

## EARL BRUCE HANSEN

Republican  
Candidate for State  
Representative, 32nd District

Our schools are indeed in serious financial straits. Lake County, as a rapidly growing area must have responsible planning if we are to maintain the quality we do have in the public schools. Taxpayer resistance to further increases in the property tax is indeed understandable, and I will introduce legislation to relieve the tax burden on the homeowner. As an interim measure the tax ceiling proposal seems to be the most realistic. Additionally, schools must make better use of the funds that are available, through fuller utilization of facilities and perhaps the adoption of the quarter system, which would effectively reduce operating expenditures. I am a strong advocate of local control of schools, but realize the need for funding from other sources, and when elected I will work to insure a minimum of constraining guidelines.

I will support measures designed to bring government back to the local area. I believe the best government is the one that is closest to the people, but I do not believe the pending home rule provision is the answer. Voters must be made more fully aware of the broad implications of home rule BEFORE they should be asked to make such a significant decision. Township, County, and State government must all

vigorously in close cooperation with our Illinois Congressional delegation, Republicans, and Democrats alike, to bring these countless Federal-State programs under control.

2. The most feasible and likely "first step" toward decentralization lies in the area of "revenue-sharing." On Capitol Hill I worked in support of the Nixon Administration proposals to return a portion of Federal revenues by formula directly and automatically to the states "without strings." This can be done, and potentially can help us cut down the size of the Federal executive establishment.

3. Once these many functions of government are returned to Illinois closer to our people, I am convinced that our citizens will conclude that they are paying for too much government. For too long, governmentally, we have been living by the philosophy of the credit-card and the mail-order catalog. In the days ahead we must as a people exercise discipline over our uncontrolled appetite for government service.

If elected as your Illinois State Legislator, I will do my part not to curvy or stimulate your appetite for that "easy" money from Springfield or Washington.

From Federal to local levels our Budgets are out of balance, and out of control. This is only because we as a people have been demanding too much from government. Now, the bills are coming due, and I think we all sense that the time has come for discipline.

work to eliminate duplication of services, which should mean an increase in local autonomy. When elected to the General Assembly, I will introduce measures that will return whatever powers can most effectively be administered at the local level, which could mean the most constructive aspects of the home rule proposal.

**WM. J. MURPHY**

State  
Representative-32nd District.

In replying to the question of "bailing out our financially endangered school systems" I first question the statement, as far as the School Districts here in the 32nd District and/or Lake County are concerned. I grant that we need more money spent on giving our teachers proper salaries to keep up with the continuous rise in the cost of living—salaries commensurate with their vocation and their investment in their vocation.

However, the financial means are available under the present system, if the individual residents of each District will allow the proper amount to be levied to meet the needs. I do feel, however, that by a more efficient utilization of the present funds and the elimination of waste and extravagance by our school administration, we would even now have enough money available to increase the teachers' salaries to a proper level.

If your statement is referring to the "California Decision" on the constitutionality of our present taxing system, then I say to you that there is only one road open and that is to raise the income tax on a state level and earmark the raise for our school systems. This would eliminate it from our Real Estate Tax Bills and the revenue raised will then be returned in equal amounts to ALL districts of the state, giving the same quality to all areas, irregardless of their former assessed valuation, and irregardless of the financial plight of any district. This would then be equality in education, which satisfies the Constitutional question.

We have in the House of Representatives what is known as the School Problems Commission, which spends voluminous hours studying our school problems. Early in each Session, this Commission comes in with its Report and Recommendations. We recognize this Commission as a group of experts working for the common good and are usually guided by its recommendations. These are studied and discussed at our Conference meetings, where we amend or accept the

recommendations and join in supporting a Bill that is formed collectively in this manner, rather than having a rash of bills which are "piece meal" legislation. I feel that this is the proper and intelligent approach to the problem.

On your second question as to what efforts I would use to decrease the Centralization of government and preserve Local Autonomy, be advised that I have a record established over my 16 years in the Legislature of fighting this very battle. I traveled my District in opposition to removing our local Tax Collector, which loss did cost our local political subdivisions and school districts a substantial amount. I traveled the District and spoke in opposition to revising the Judicial Article, which took away the people's selection of their Judges and increased the cost of our Judicial System to an astronomical figure.

In the last Session and the approaching Session I did oppose and will continue to oppose the appointment of Judges by any Commission or by the Governor, as I feel that, under a representative government, the people should have the choice of selecting the men who will sit in judgment upon them, and the Judges should, in turn, be responsible to the people and not to a Commission of lawyers, or a Bar Association, or a Governor.

I am, at the present time, opposed to granting so-called "Home Rule" to our County Government and electing a Chief Executive who would move all power to the County Seat, and with it, the right to tax the people as they would see fit and/or to impose on them all kinds of programs over which the people would have no control.

I have in the past and still oppose the Northeastern Metropolitan Planning Commission's grandiose plan of making a super-government of these six Northeastern Counties, of which Lake County is one.

I support the right of a town or village having jurisdiction of Zoning within a mile and a half of its limits, as without this, it could completely lose its local autonomy.

It was the intent of the framers of our Constitution that the people should govern and not be governed. As the Representative of this District for 16 years I have always operated on this theory, that my vote should reflect the majority opinion of the people, and not just my own!

My policy has always been and still is that I am there to represent the people of my District first, the people of the entire State second, and my Party third.

BETTY LOU REED

Rep. Candidate for State Representative - 32nd Dist.

With equality of taxation in mind, I'd support or initiate legislation that would consider income tax sharing similar to the return to cities and villages as a possible basis for public education funding.

The concept of "Home Rule" counties and cities provide the answer to decentralization of government and local autonomy in Illinois. The General Assembly must however provide guide lines through implementing legislation of the Local Government Article of the new Illinois Constitution. The four major powers of regulation, licensing, taxation and incurring debt, require specific legislation to direct the course of decentralization of Government or we face the possibility of more autonomy than we can immediately handle.

## "Home Rule" and County Finance

### EDITORS NOTE:

Home rule will be on the ballot in nearly a dozen Illinois counties March 21 and likely will be voted on in many other counties in the months ahead. This is the first in a series of two explanatory columns by political scientists with the Center for Governmental Studies at Northern Illinois University in DeKalb. The series is being made available to this newspaper by the NIU News Bureau.

By James M. Banovetz

Voters are--first and foremost--taxpayers.

The validity of this "monetary law of politics" has been clearly evident in the discussions about home rule for county governments in Illinois. When voters in 11 counties go to the polls on March 21 to vote on the adoption of county home rule, their principal reservation about the proposal will be monetary in nature: will home rule result in higher taxes?

Recognizing that "voters are--first and foremost--taxpayers" opponents of home rule have argued that increased county taxes and extravagant county borrowing are likely to result from the adoption of county home rule. The removal of existing limits on county taxing and borrowing powers, they claim, can only open the door to fiscal irresponsibility.

The system of county home rule provided under the 1970 Illinois Constitution does grant more flexible taxing and debt powers. Home rule counties are prevented only from levying a tax on income or earnings; such taxes must be specifically authorized by the General Assembly. They are subject only to whatever debt limits may be created by state law. These provisions have led to the opponents' claims.

The opponents' arguments do have great appeal to taxpayers, particularly under contemporary economic

conditions. They also contain a certain surface logic, thus making their appeal all the more commanding. Closer examination, however, indicates that such arguments are largely groundless.

There is absolutely no evidence that home rule leads to higher taxes or to irresponsible fiscal behavior by local government officials. There similarly is no evidence which suggests either that state restrictions on local tax and borrowing powers are effective, or that local officials behave irresponsibly when there are no limitation on their power to tax or borrow money.

In Illinois, for instance, all cities and villages with a population of 25,000 persons or more have been operating under home rule since July 1, 1971. Yet, despite the fact that these cities have had much broader taxing powers since that time, there is no indication that citizens in these communities have been subjected to excessive new taxation.

The City of Chicago is an interesting case: it has imposed new taxes on the sale of cigarettes, for instance--but these have neither been excessive nor burdensome to the public at large. Furthermore, Chicago took this action to meet its own particular financial situation--a situation made worse, in part, by Chicago's persistent failure to collect personal property taxes from individuals.

Neither has home rule led to fiscal irresponsibility in the other states in which it is used. Ohio, for instance, is one of the oldest home rule states, yet Ohio local governments rank among the lowest in the nation in terms of taxes assessed against their residents.

There is no evidence that removal of state imposed restrictions on taxing powers will lead to higher taxes. The most effective limits on taxation historically are

### 13th DISTRICT CANDIDATES -

Two well known Republican candidates in the March 21 primary met recently in Washington. Flanking lovely Martha Rentschler are (l) husband Bill, a candidate for delegate to the GOP National Convention, and (r) Congressman Robert McClory, candidate for reelection in the newly formed 13th District. With them are two of the three first-time voters in the Rentschler home, Peter, 20, and Sarah, 21. McClory and Rentschler are longtime friends, campaign partners and prominent Nixon supporters.

imposed by taxpayers, not by laws.

The State of Illinois, years ago, removed all limitations on Chicago's property tax levy, yet Chicago property taxes are not out of line with those in communities that do have state-imposed limits.

Politicians that want to be re-elected--and all politicians seek popular support and approval--are not likely to raise taxes irresponsibly. Of all the powers of government, the power of taxation is the most subject to popular control through the electoral process.

Interestingly, there is evidence that state-imposed limitations on local government taxing powers do encourage fiscal irresponsibility, particularly at the county level.

In Illinois, the General Assembly has placed a limit on the property tax levies of county governments. When this general limit proved to be too low, the General Assembly permitted higher taxes by authorizing special tax levies for specific purposes, such as libraries and roads. Some counties in Illinois now are authorized to levy special taxes for 10 or more specific

purposes, all in addition to their general taxing powers.

In short, existing statutory limitations on county taxation have not prevented higher taxes--they have simply given rise to methods of evasion. Furthermore, taxes levied for specific purposes can not be used for other purposes, regardless of need. Thus, within county governments, funds under the present system are not allocated among different services on the basis of need, but rather on the basis of state formulas.

The result of the present system has been unfortunate. The typical county collects more taxes than it needs for some purposes--thus building large surpluses for deposit in local banks--while other needed services must be shortchanged for lack of available funds.

Home rule would eliminate the system of special tax levies and tax limitations which have produced the existing inefficient system of county finance. To that extent, it would contribute to better, not worse, money management in county government.

Similarly, there is nothing

54 days until graduation and counting! This thought probably entered every Senior's head as he was measured for his cap and gown on Friday. This year the girls will have white gowns and the boys will be in red. Graduation announcements were also picked out at this time. It's sooner than it seems!

The underclassmen got a break from classes on Friday too. The STUDENT COUNCIL sponsored a movie called THE POWER which was shown during 2nd and 3rd hours. It was a very intriguing movie dealing with the supernatural powers of our minds. Nice switch from what they tell us about our minds in class!

An assembly was held Tuesday each class meeting in a different place. The purpose - to discuss the referendum and what it's passage means to the students. It was very interesting!

The SEQUOITS lost a real

thriller Friday night to McHenry in the regional contest. The winner of the game was in question all the way up to the last second so you know our team did a really great job. I guess now we know how Grant felt when we beat them in overtime by two points Tuesday night! Our team had a really great season this year and we should really be proud of them.

This weekend was an exciting one for the members of the FORENSICS team. The weeks of practice were put to a test as each member competed in his category at the District Speech and Dramatic Contest held at North Chicago. Congratulations to everyone who competed especially RICK JOHNSON who placed 5th in Radio Speaking and BETTY WATERS and BARB POLSGROVE who placed 3rd in Duet Acting. The 3rd place qualifies these two to compete in the Sectional Contest at Niles North High next weekend.

See you next week...

Barb

### HAYDEN ELECTED CHAIRMAN OF BOARD

#### LAKE COUNTY SWCD

On Monday, February 14th, at the monthly meeting of the Lake County Soil and Water Conservation District Board of Directors, William Hayden of Antioch was unanimously elected Chairman of the Board.

Mr. Hayden, who is Manager of Utilities at Abbott Laboratories, received his degree in Mechanical Engineering from Marquette University and did post graduate work at the University of Iowa. He is extremely active in the conservation movement. Besides having been on the Lake County SWCD Board of Directors for several years, he is an active member of many conservation-minded organizations, including the North-east Illinois Land Council, the Illinois Dunesland Preservation Society, the Audubon Society, the AIPE Environmental Quality Committee, Chairman of Explorer Post No. 83, and Assistant Scoutmaster of Boy Scout Troop No. 92. Last year, Mr. Hayden won first prize in

the Modern Manufacturing Pollution Control Contest.

Also elected at the meeting were Donald Van Ness of Mundelein, Vice-chairman; and Walter Vogl of Wadsworth, Secretary-Treasurer. Russell Gwaltney was appointed to represent the Lake County SWCD Board at the Natural Resource Service Center in Lisle.

Russell Gwaltney and Donald Adams were honored at the meeting for their many years of dedicated service to the Lake County Soil and Water Conservation District.

THE ANTIOCH NEWS

## With a Stern Eye

**Editors Note:** New Columnist, Grace Mary Stern brings a distinctively unique "eye" for county happenings to the Antioch News.

Mrs. Stern lives in Highland Park with her husband, Herbert "Hub" Stern, Lake County Democratic Central Committeeman, Ten children and five pets.

She was formerly the Assistant Township Supervisor from Deerfield and currently holds the post of Lake County Clerk - only the second member of her party to win county office in 150 years. Her views come through a perceptive, albeit partisan "eye".

The past couple of weeks have been bruising ones for the County Clerk's office and though we are still licking our wounds, my own spirits at least, have risen with the prospect of being totally prepared for the March 21st election. Well - nearly totally.

We have taken considerable flak over the telephone and the counter about the fact that absentee balloting for March 21st was a week late in getting underway. It's true, we were late. It's also true that the law is specific about when it should be available. It is equally true that the same body which passed that law, also passed on the election schedule for 1972 which places three elections, cheek by jowl, next to one another in the Spring of this year.

Crisis piggybacked upon crisis. The February 8th

DR. SOMANI  
TO MANAGE

### PHARMACOLOGY DEPT.

Dr. Pitambar Somani has been promoted to manager, general pharmacology department, Abbott Laboratories. Dr. Somani joined Abbott in January, 1970, as a consultant to division experimental pharmacology, and, in July, 1971, he became head of cardiovascular pharmacology.

A native of India, Dr. Somani obtained an M.D. degree in 1960 from Vikram University and a Ph.D. degree in pharmacology from Marquette University in 1965.

Dr. Somani has been the recipient of two National Institute of Health grants, a Wisconsin Heart Association grant, and a Wisconsin Heart Association Post-Doctoral Fellowship.

He is an associate clinical professor of pharmacology at the Medical College of Wisconsin, Milwaukee, and is the author of numerous scientific papers.

Dr. Somani and his family reside at 1061 River Dr., Libertyville, Ill.

County Board Primary was only the first. Immediately that was behind us there appeared the need to make out the payroll for the 910 Election Judges that participated. Promptly one of our girls went to the hospital, and two others fell ill by the wayside. I have been taking home payroll sheets and making them out by hand every night for ten days. A-a-a-gh!

No sooner was the ballot laid out for March 21st, okayed by the Data Processing Department, and sent to the printers, than the great blinking computer in the basement of the County building, gagged and spat out the program designed to count the ballots for March 21st. Panic! Insufficient core storage for that enormous number of counting positions, came the word from downstairs. We would have to re-plan the layout to ease the - who knows? ease the density or the something or other.

Back to the drawing board. The original layout was recalled from the printer and didn't get back to him until the beginning of the week when folks were supposed to be able, by law, to come into our office and vote absentee. And we heard about it. Quite rightly, too. We apologized, explained, abased ourselves. But we were late.

The endless payroll list crawled on, entry by entry. And the judges began to telephone: "Where is my check? The election was 3 weeks ago and I still haven't received it." We apologized, explained and humbled ourselves once again.

At about that time I found myself in the teeth of a fracas in Highland. One of the local papers had written a story saying that the Mayor and the City Council had declared that the 1972 festival, Highland Days, would be an official expression of support for Governor Ogilvie's candidacy. As one who has always frolicked at Highland Days, and as the only Democrat in the County Building, I felt called upon to write a letter of protest to Mayor Ghini and the papers. It was a mistake. I would have done better to eschew the fun next summer,

forget about that wonderful mostaccioli dinner, and kept my big mouth shut.

Letters, angry and resentful have been filling the pages of the southeastern county press. I began to feel like the creature who has stepped into a brush-covered trap on the trail. Nothing I did seemed destined to set things right again. Mayor Ghini was furious with me, as were all his aldermen and my many other friends in Highland. I apologized, I explained. I even groveled a little. Especially after the Mayor made the public statement that their only intention had been to invite the Governor. Nothing official about it - no endorsement by the city etc.

As the week wore on, everyone's spirits seemed to lift perceptibly. The ballots were all 'in house' - we had re-checked our list of things that went wrong at the last election and set them right - two of the girls recovered - the payroll was finally terminated and sent on its way - and other veterans of the political wars began to stop in my office to swap stories of life on the hustings.

"You should have heard Harry Robin on the 10th floor today. If I hadn't been there and heard it with my own ears, I would swear it wasn't so," said one.

"Oh?"

"He was in the Finance Committee Room, just hollering. Dressing Jay McClaskey up and down and back and forth because Jay has a girl working for him whose precinct went 3 to 1 against Harry."

"You're kidding."

"I swear I'm not. 'This has got to stop,' he was yelling. 'I look after you guys pretty good and this is the way you repay me.' " We paused to ruminate.

"At least I'm glad to know I'm not the only one getting it this week," I said.

"By no means," said my visitor. "I guess the arrival of the new Board in April won't change so much after all."

Ah yes. The more things change, the more they remain the same...

**MR. HOWARD O. SORENSON** - 55 Yrs. old of 11 East Monaville Rd. - Lake Villa, Illinois passed away suddenly from a heart attack at his home on Saturday, March 4th. He was born October 3, 1916 in Lake Villa and lived there all of his life. He held membership in the Lake Villa Lions Club. He had been employed by the Lake County Highway Department for 25 years and retired as a foreman in October, 1971. He was preceded in death by his first wife Harriet E. (Nee Meyer) Sorenson on January 30, 1966, and by one brother Harry Sorenson on Jan. 28, 1966.

He is survived by his 2nd wife Lillian Sorenson - 1 daughter Miss Bonnie Lee Sorenson (Harvard, Ill.) - 1 son Howard E. Sorenson (Rockford, Ill.) - 2 step-daughters Mrs. Sharon (Robert) Bunkelman (Lake Villa, Ill.) Mrs. Lynn Waterman (Montclair, California) 2 sisters Mrs. Edith Sherwood (Lake Villa, Ill.) Mrs. Blanche (Frank) Paskowsky (Waukegan, Ill.) and 1 grandchild.

Funeral services were held at 1:30 p.m. on Tuesday at the Strang Funeral Home in Antioch. Rev. Harold I. Nelson of St. Mark Lutheran Church at Lindenhurst officiated. Interment was in Fox Lake Cemetery near Lake Villa.

**MR. CLEVE N. "JEFF" NELSON** - 56 Yrs old of 9201 Kennedy Street - Highland, Indiana passed away from injuries received in an automobile and truck accident at the outskirts of Gary Indiana on February 29, 1972. He was born December 22, 1915 in Bristol, Wisconsin the son of the late Nels & Gretchen Nelson. He had resided in Gary, Indiana and had moved to Highland, Indiana 2 years ago. He had been employed for 31 years as an engineer for the Elgin, Joliet & Eastern Railroad, and held membership in the Brotherhood of Locomotive Engineers.

He is survived by his wife Marion - 2 sons Kenneth Nelson (Country Club Hills, Ill.) - David Nelson (Highland, Indiana) - 1 daughter Miss Kathy Nelson (Highland, Indiana) - 4 brothers Donald Nelson (Bull Shoals, Arkansas) - George Nelson (Trevor, Wis.) - Thomas Nelson (Racine, Wisc.) - Myrus Nelson (Antioch) - Mrs. Richard (Dorothea) Farm (Lake Villa, Ill.) - Mrs. Glenn (Iuna) Fox (Antioch) and 2 grandchildren.

Funeral services were held at 1:30 p.m. Thursday at the Strang Funeral Home in Antioch. Rev. L.H. Messersmith officiated. Interment was in Liberty Cemetery north of Antioch.

**MRS. EDITH M. FEYERABEND** - 61 Yrs old of 391 Second Street - Antioch, Ill. passed away on Friday March 3rd at McHenry Hospital. She was born July 10, 1910 in Marysville, Pennsylvania and had resided in Mechanicsburg, Pa. in 1924 until moving to Chicago in 1929, then to Antioch in 1947. She married Amiel L. Feyerabend in 1930 at Crown Point, Indiana and he preceded her in death on June 19, 1962. She and her husband had owned a garage in Antioch from 1947 until 1960.

Survivors are 1 son Bruce Feyerabend (Raleigh, N. Carolina) - 3 sisters Mrs. Ella Horsley (Camp Hill, Pa.) - Mrs. Emily (Walter S.) Eppley (Pompano Beach, Fla.) - Mrs. Martha (John) Barnhart (Harrisburg, Pa.) - 1 brother Vincent A. Basehore (Beacon, N.Y.) & 1 grandchild.

Funeral services were held at 11:00 a.m. Tuesday at the Strang Funeral Home in Antioch. Rev. Donald C. Cobb officiated. Interment was in Blue Ridge Memorial Cemetery at Harrisburg, Pennsylvania.

**MRS. MARTHA A. SCHMIDT** - 77 years old of Woodbine Subdivision near Antioch, Ill. passed away on Monday March 6th at Victory Memorial Hospital. She was born in Houston, Texas and resided in River Grove, Illinois from 1921 until moving to Antioch in 1951. She married Henry J. Schmidt on August 17, 1912 at Bravo, Michigan and he passed away on August 8, 1971. One brother Edward Morganson also preceded her in death.

Survivors are 1 son Henry J. Schmidt, Jr. (Antioch) - 2 daughters Mrs. Harriet Strebel (Melrose Park, Ill.) - Mrs. Margaret (Ernest) Graef (Antioch) - 1 sister Mrs. Mary (Anthony) Schmidt (Pontiac, Mich.) - 6 grandchildren and 17 great grandchildren.

Funeral services will be held on Wednesday at Strang Funeral Home in Antioch. Rev. Donald C. Cobb will officiate. Interment will be in Eden Memorial Park Cemetery at Schiller Park, Ill. Memorials may be given to the Antioch Rescue Squad.

**MR. JAMES C. SMITH** - 86 Yrs old of Triegers Subdivision (Grass Lake) near Antioch passed away on Monday March 6th at Skokie Valley Hospital, Skokie, Ill., suddenly from a heart attack. He was born January 3, 1886 in Evanston, Illinois - Moved to Antioch in 1943 but had spent his summers here since 1926. He had served as Landscape Superintendent for the Chicago Housing Authority for 10 years. He married Mary Peyo on November 18, 1907 at Waukegan and she preceded him in death on October 31, 1964. He was also preceded in death by 3 brothers, Ed; Charles and Joseph Smith and 1 sister Catherine Jacques.

Survivors are 1 son Peter P. Smith (Forest Park, Ill.) - 3 daughters Mrs. Charles (Rose C.) Brewer (Evanston, Ill.) - Mrs. William (Anne E.) Supernaugh (Twenty Nine Palms, Calif.) - Mrs. Joseph (Dorothy-C) Sanhamel (Antioch) - 1 brother Andrew J. Smith (Houston, Texas) 9 grandchildren and 3 great grandchildren.

Funeral mass will be held at 10:00 A.M. Friday at St. Peter's Catholic Church in Antioch. Interment will be in Mt. Carmel Cemetery at Antioch. Friends may call at the Strang Funeral Home in Antioch after 3:00 P.M.

**MR. OTTO A. JUNGMAN** - 60 Yrs old of Lotus Road, Antioch, Ill. passed away Monday March 6th at Victory Memorial Hospital from injuries received in a snow plane and snowmobile accident on Channel Lake on February 13th. He was born Jan. 21, 1912 in Berwyn, Illinois and had resided in Chicago and Fox Lake before moving to Antioch 20 years ago. He was a machine operator for Kemper Tool and Valve Co., in Wauconda, and previously had been employed as a body and fender man. He married Myrna Osman on Feb. 5, 1955 in Chicago.

Survivors are his wife Myrna 1 son Richard Jungman (Chicago) - 1 sister Mrs. Helen Milianta (Lyons, Ill.) - 1 brother Edward Jungman (Chicago) - 4 grandchildren.

Funeral services will be held at 1:30 P.M. Thursday at the Strang Funeral Home in Antioch. Interment will be in Hillside Cemetery in Antioch. Friends may call after 3:00 P.M. Wednesday.

**MRS. MURIEL F. WOJTANEK** - 57 Yrs old of Felters Subdivision near Antioch passed away on Monday March 6th at St. Therese Hospital. She was born January 26, 1914 in Chicago, Illinois and has lived in Antioch for the past 10 years. She attended Holy Family Episcopal Church at Lake Villa, and is a member of Olson Camp No. 459 of the Royal Neighbors of America. She and her husband own and operated "Old Orchard Inn" at Loon Lake. She married Stanley J. Wojtanek on December 3, 1968 at Lake Villa. Survivors are her husband Stanley J. Wojtanek - 1 daughter Mrs. Maridell (Donald) Hishke (Bridgeton, Missouri) - 1 sister Mrs. Lois (Romaldo) Caldera (Lake Zurich, Ill.) and 3 grandchildren.

Funeral services will be held at 10:30 A.M. Thursday at the Strang Funeral Home in Antioch. Rev. Vincent Fish of the Holy Family Episcopal church will officiate. Interment will be in Hillside Cemetery at Antioch. Friends may call after 3:00 P.M. Wednesday.

REV. ELMER SANDBERG

Rev. Elmer Sandberg, beloved Pastor for 27 years at the Loves Park Evangelical Free Church of Rockford, Illinois, will be the speaker at the first series of special services conducted by the Antioch Evangelical Free Church.

Pastor Sandberg is well known throughout the United States and Canada in evangelical circles as a man

## CHRISTIAN SCIENCE NEWS

Appreciation of all that is truly substantial depends upon enlightened faith.

This is a theme of the Bible Lesson-Sermon entitled "Substance" at Christian Science church services Sunday.

One of the Scriptural texts states: "Through faith we understand that the worlds were framed by the word of God, so that things which are seen, were not made of things which do appear."

Citations from Science and Health with Key to the Scriptures by Mary Baker Eddy include this statement: "Until belief becomes faith, and faith becomes spiritual understanding, human thought has little relation to the actual or divine."

with a special ministry to the Christian believer. He has a special appeal to the thoughtful person, having taught in college along with pastoring his church.

Included in the service will be congregational singing, a choir conducted by Mr. Curt Foss, special music provided by members of the congregation, plus the message from the Word of God. Following the March 16, 17, and 18 services which begin at 7:30 p.m., an informal coffee time will be held, during which the evangelist will be available to answer questions or for counselling. The March 19 service times are 11 a.m. and 7 p.m. Saturday night has been designated as Youth Night.

The church is located at Tiffany Road and Highview Drive in Antioch. The congregation is looking forward to these services and invites its many neighbors to attend.

## Ogilvie Honors Nurses - Ill. Nurse Week

The week of March 12 through March 18 has been designated by Governor Richard B. Ogilvie as Illinois Nurses Week. This year's theme, as stated in the Governor's proclamation is "Honor Nursing—The Caring Profession."

The College of Lake County Department of Associate Degree Nursing will celebrate the twelfth annual honoring of the nursing profession with a striping ceremony on Monday, March 13 at 11:30 a.m. in the Quiet Lounge of the college campus. Mrs. Marie Costell, Coordinator of the ADN Program, announced that stripes will be presented to freshman students who have successfully completed the foundations of nursing course. Nursing instructors Mrs. M. Kuderko, Mrs. Aline Stolarik, Mrs. Delores Miller, and Mrs. Diane Meyers will participate in the ceremony in which 55 women and four men will be awarded their stripes.

The ADN Program is a two-year career nursing curriculum which requires lecture and laboratory courses

on campus and clinical experience in area hospitals. Lake County hospitals that cooperate with the College in providing this experience for nursing students are Condell Memorial Hospital, Downey V A Hospital, Great Lakes Naval Hospital, Highland Park Hospital, Lake Forest Hospital, St. Therese Hospital, and Victory Memorial Hospital.

Thirty-eight graduates were awarded the Associate Degree in nursing after completing college and State of Illinois requirements in the spring of 1971. The vast majority of these graduates after passing the State Board examination, qualified for employment on the staff of hospitals, clinics, nursing homes, and many other specialized agencies in Lake County.

# 8th grade registration at A C H S

Eighth graders who will be attending Antioch Community High School beginning in September 1972, will participate, with their parents, in an orientation and registration program. Families will be scheduled for either Monday or Tuesday, March 13th or 14th. On each of these nights there will be two programs in two different locations for a total of four programs. At 6:30 p.m. on Monday, families from Antioch Upper Grade will come to the cafeteria area while those from St. Peter's will meet in the commons.

On Monday at 8:15 p.m. the cafeteria will host families from Lake Villa, while the commons will be for families from Antioch Upper Grade.

On Tuesday at 6:30 p.m. the commons will host families from Lake Villa, while the cafeteria will be for families from Grass Lake, Prince of Peace, Faith Lutheran and Newport.

On Tuesday at 8:15 p.m. the cafeteria will host families from Antioch Upper Grade and Millburn, while the commons will be for the families from Emmons.

If any prospective student

## Channel Lake Chatter

Happy Birthday to Lisa Dahl of Lake street. Lisa is a fantastic organist and is now being featured at the Fairview Inn, in Twin Lakes, Wisconsin. Our local residents are in for a real treat if they journey to the Fairview on Friday or Saturday to hear Lisa entertain. As a bonus you can have a very good dinner as the Don Bjorks and Joe Gutowski's found out recently.

Ray Enzenbacher celebrated his 13th birthday last Tuesday, February 29th. That's right, Ray is a Leap Year child and has finally reached his teens. On hand to help Ray enjoy the big event were Louise Gutowski, Pat Harland, Don and Barb Bjork, Don and Dorothy Purfeerst, Bob and Lorraine Lemke and of course Ray's lovely hostess wife, Dorothy. Ray will remember the day very well next month when he gets his phone bill.

Another 13 year old is Billy Harland who celebrated on Saturday, March 4th with his friends Jimmy Gutowski, Pat Morgan and Dick Whitton. The boys had a delicious BBQ Chicken dinner with all the trimmings and ended the evening playing basketball in the Whitton garage.

Happy Anniversary to Wayne and Dolly Bobo on Friday, March 3.

Joe Gutowski is a patient in Victory Memorial Hospital where he underwent knee surgery, last Friday morning. Joe now has a Gale Sayer's injury, but received his in a fall on the ice not in a football

has not been scheduled for a program, please call the school guidance office. It is imperative that the eighth graders participate in this orientation as proper course selection and availability becomes limited thereafter.

## A.G.S. Sponsoring - Three Future Teachers

Now that the days of planning and hard work are over and the rewards have been reaped, it is time to say Thank You to a lot of deserving people. As previously stated in this paper The Antioch Grade School PTA Fun Fair was a huge success. After the bills have been paid we totaled a beautiful profit of \$900.00. This profit would not have been possible without the generosity of many of the local merchants, and the hard work of approximately fifty of our diligent PTA members. A special thanks to the Moose for their great clowns, who added an extra touch for young and old alike.

Hope everyone who won a cake at the cake walk had as delightful a time consuming it as they did winning. We sure have some very artistic bakers. If we hadn't run out of cakes, I

game. He is doing very well and hopes to be home very soon, as does this reporter and his children. We didn't know our home could be so empty until last week.

The Girl Scouts and Brownie Troop held a fly up ceremony recently at the Channel Lake Grade School. Two Brownies that are flying up into Girl Scouts are Nancy Harland and Brenda Harris.

Cub Scout Pack No. 86 held their Blue and Gold Dinner, Sunday, February 29th at the Channel Lake Grade School. A delicious roast beef dinner was enjoyed by everyone with Mrs. Dorothy Purfeerst, Mrs. Jane Larson and Mrs. Kathy Rogers handling the arrangements. Guests at the dinner were Mr. and Mrs. Rob Robinson and sons T.J. and Bobby, and Mr. Peter Zeien who will be taking over as Cub Master of Pack No. 86.

Receiving awards during the ceremony after the dinner were - Bobby Rudolph, Denner badge, Richard Rogers, Asst. Denner, Don Purfeerst received his Wolf Badge, 1 gold arrow, 2 silver arrows, his 1 year pin and a Denner badge.

Mike Bailey received his 3 year pin, Bear badge, 1 gold arrow, 1 silver arrow and was graduated to the Webelows Den.

Receiving Bob Cat pins were Neil Armstrong and Tad Barnes.

Dennis Groth received his Genealogy pin and Mike O'Conner received his Arrow of Light award and was graduated into Boy Scouts in a special ceremony conducted by Boy Scout, Jeff Gutowski. A very enjoyable afternoon was had by everyone that attended.

## SCIENCE FAIR AT ST. PETE'S

St. Peter's sixth graders held a Science Fair in the gym on February 25th. Their work was on display for their parents and for viewing by all other grades. Projects included the building of a pyramid, a terrarium, a volcano, and the incubator project pictured. The students worked industriously in this endeavor. Visitors were impressed and enlightened.

think people would still be walking around those circles.

Thanks to the teachers and staff for their generosity and a special THANK YOU to our Antioch P.T.A. Executive Board.

Finally-TAKE CARE OF THOSE FISH.

The Antioch Grade School P.T.A. is sponsoring three students from the High School Future Teachers to attend the Lake County Council's Future Teachers Dinner to be held at Wauconda Township High School, March 9, 1972. The speaker will be Dr. Earl Wiltzie, Professor of Education, Northern Illinois University. His subject will be "The Future of Education, as it pertains to young people."

Our next regular PTA meeting will be March 20, 1972.

With the end of the basketball season here, can baseball be far away? All parents will be getting their cars in shape for the many miles ahead in the driving to and from Little League. Believe it or not, I'm looking forward to the first game.

Let me know the news.

Louise

## Boat Show Opens March 10

Chicagoan Quentin Cultra, who realized a lifelong dream by building his own 35-foot Trimaran ketch, Quee Quee, and sailing it around the world in 2 1/2 years, will tell his exciting story, with pictures, at the Midwest Boat show at the Arlington Park Exposition Center.

Quen's picture-narration will take place at 9 p.m. on Sunday, March 12, and will kick-off a Best Boating Story contest at the Midwest Boat Show, which opens Friday, March 10, and continues for ten days through Sunday, March 19.

Boating fans inspired by his odyssey on the oceans are

urged to write about their favorite boating adventure in 500 words or less, and turn it in to their marine dealer, who in turn, will enter it for them in the Midwest Boat Show contest. Winner will receive \$100 and three runner-ups each will win \$50, according to Edward P. Hansen, president of the Midwest Boat Show.

Cultra's 40,000 mile voyage includes such adventures as being washed overboard with his first mate, surviving six big storms, having his crewmate arrested as a spy, being rammed by a Greek freighter,

and being followed by a herd of whales for nearly 24 hours.

## Beach Rd. Entrance To State Park Closed

Park vandalism, expressway construction and building of a protective fence all add to the closing of the Beach Rd. entrance at Illinois Beach State Park. "It will be necessary to close the Beach Rd. entrance in the near future and restrict traffic to main park entrance of Wadsworth Rd.," said Henry N. Barkhausen, director of the Illinois Department of Conservation. "Commonwealth Edison Co. will be constructing a fence along the western boundary of the park which will aid in managing traffic access."

Ron Johnson, supervisor of parks and memorials, said, "Illinois Beach has suffered overuse, and park personnel have not been able to control access because two entrance roads have been open. Dumping,

vandalism and undesirable park use after the 10 p.m. closing time have been the result."

The Department of Conservation granted Commonwealth Edison a 110-foot right of way along the western boundary of the park. In exchange, commonwealth agreed to construct a 13,000-foot long, six-foot high, chain link fence along the boundary, offering increased protection to the park and nature preserve.

While the fence is being constructed, Beach Rd. will be closed. After construction, Beach Rd. will be used for limited access, but will finally be closed when construction begins on the Melvin E. Anstutz expressway.

# A TAX REPORT ON TOM STEISKAL - CANDIDATE

## FOR 4TH PRECINCT COMMITTEEMAN,

### ANTIOCH TOWNSHIP

#### EDITORS NOTE:

The following Tax Report concerning Tom Steiskal, Candidate for The 4th Precinct Committeeman of Antioch Township was submitted to the News by a concerned citizen from the Grass Lake area. If for some reason Candidate Steiskal feels the following article is in error, the Antioch News will provide equal space for his answer in our next issue if he so wishes.

Description Parcel Number 604 - Owner and taxpayer Tom Steiskal and his wife.

#### "THE CUBS COVE"

Located on Grass Lake Road, Antioch Township, just east of the Grass Lake bridge. Consists of seven (7) acres of property with a recently built modern brick home with a garage attached and (2) two other frame buildings. This choice piece of property is bordered on the north by Grass Lake Road and on the south by a thru channel that runs from Grass Lake to Fox Lane giving this property highway and water frontage.

This seven acres with the above improvements (buildings) is only taxed (\$830.16). Eight Hundred Thirty Dollars and Sixteen Cents.

Description 604-1 Owner and Taxpayer Tom Steiskal and his wife consist of one and four fifths acres - ZONED COMMERCIAL RECREATION located across Grass Lake Road from the

above property is only taxed (\$23.06) Twenty Three Dollars and Six Cents.

Compare the above taxes to the following. A 60 Foot by 100 Foot unimproved lot zoned U-R3 Urban Residential not improved, no water or highway frontage, only 6000 square foot total compared to (7) seven acres or a total of (304,920) three hundred thousand nine hundred and twenty square feet not including the building only taxed \$830.16 in comparison to 60 by 100 foot lot taxed \$57.18. Also compare the tax paid on one and four fifth acres is only \$23.06.

A further comparison ten (20) twenty foot lots or a total of (20,000) square foot less than one half acre consisting of a 35 year old frame house remodeled in 1961 with a two car garage and a storage frame building is taxed (\$647.18) Six Hundred Forty Seven Dollars and Eighteen Cents.

Tom Steiskal is employed as a State Investigator out of The Secretary of State's Office, Springfield, Illinois and his salary comes from THE TAXPAYER'S DOLLAR.

It is unbelievable that a condition like this should exist when the tax dollar is so badly needed especially in Grass Lake Grade School.

Suggest you consider these facts before voting on Tuesday, March 21st for the person you want to represent you and your precinct.

Illinois Secretary of State, John W. Lewis has issued an advisory opinion listing of those persons who are to file Statements of Economic Interests with their County Clerk, under the new Illinois Ethics Act.

Lewis said he had issued the opinion "because of numerous requests asking for clarification as to whom is covered."

Persons who must file a Statement of Economic Interests with the County Clerk of their residence "ARE WITHOUT LIMITATION" the following:

1) All persons elected to a county, municipality or township office and candidates for nomination or election to such office.

2) All persons elected or appointed to the governing board of a school district and candidates for nomination or election to such office.

3) All persons elected or appointed to special districts or

other units of local government, including, but not limited to the following:

Airport Authorities, Cemetery Boards of Districts, Child Protection Districts, Conservation Districts, County Planning Commission, Districts, County Planning Commissions, Drainage Districts, Exhibition Councils, Exposition Authorities, Forest Preserve Districts, Hospital Boards and Districts, Housing Authorities, Junior College Districts, Board of Trustees, Library Boards, Local Mass Transit Districts (including C.T.A.), Medical Center Districts, Metropolitan Exposition and Auditorium Authority, Metropolitan Exposition-Auditorium and Office Building Authorities (Metropolitan Civic Center), Metropolitan Fair and Exposition Authorities, Metropolitan Transit Authority, Mosquito Abatement Districts, Municipal Bond Commissions, Municipal Planning Commissions,

Municipal Colsium Board of Trustees, Park Boards, Park District Boards, Public Building Commissions, Public Water Districts, Railroad Terminal Authority, Regional Planning Commissions, Regional Port Districts, River Conservancy Districts, Sanitary Districts, Solid Waste Disposal Districts, Stadium and Athletic Field Commissions, Street Light Districts, Surface Water Protection Districts, Urban Transportation Districts, Water Service Districts, Water Authorities, Zoning Boards, Zoning Board of Appeals.

4) All persons who are employed by a school district or by any unit of local government who are compensated for services as employees and not as independent contractors at the rate of \$20,000 per year or more. This includes school teachers who are employed by a school district.

## Bill Removes Tax Obligation From Pension And Retirement Plans

Senator Karl Berning, Republican, Deerfield, today reminded taxpayers in his District-- particularly pensioners, those who have sold their home during the past year, farmers, and small businessmen-- of the significant tax break enacted into law by the General Assembly last year on benefits from pension, retirement and profit-sharing plans.

"Under the provisions of Senate Bill 1135," Senator said, "any income accrued prior to the enactment of the state tax in 1969 is no longer taxable."

"It is doubly significant because it gives tax relief to those who have traditionally paid a heavy share of the tax burden in relation to their earnings, and who never should have been required to pay the

state tax in the first place. A person who has saved diligently over a long number of working years for his retirement will no longer be penalized for his foresight.

"Senate Bill 1135 is also important to every taxpayer in Illinois because it means that the returns we all are struggling with this year are much simpler than those we did battle with a year ago."

"More specifically," Berning said, "this bill removes the tax obligation from pension and retirement plans involving an accumulation of assets over a number of years prior to August 1, 1969."

"It also prohibits taxation of any appreciation in the value of real property before the 1969 date, if the property is sold by individuals at a gain and treated as capital gains

under federal tax laws." "Also included under terms of the bill are gains on sales or exchanges of property used by an individual in a business, such as farm land, equipment or livestock."

"The easiest way to explain how this exemption should be computed," Berning said, "is to take the income from these sources and determine what fraction of that total was accrued or contributed after August 1, 1969. That is the only portion which is now taxable."

The instructions for figuring this exemption are included in Part II of the Form IL-1040 packet under "subtractions: Line 3c."

Senator Berning urged any taxpayer desiring help with this or any other aspect of the state income tax to call the Department of Revenue toll-free at 800-972-1630.

## Pesticide Applicators Required To Be Licensed

To meet the 1972 pesticide applicators licensing requirements a third meeting has been scheduled for the Northeastern Illinois area according to Ray. T. Nicholas, Lake County Senior Extension Adviser.

Beginning January 1, 1972, persons owning or managing a pesticide applying business will be required to obtain a pesticide applicator's license. Persons employed by a pesticide applicator will be required to obtain a pesticide operator's license.

This pesticide clinic will be held Tuesday, March 21, starting at 9:00 a.m. at the Arlington Parks Towers, Euclid and Rohlwing Roads,

Arlington Heights. The licensing examination will be administered in the afternoon immediately following the presentation on pesticides.

This clinic is being sponsored jointly by the University of Illinois Cooperative Extension Service, the Illinois Department of Agriculture, and the Midwest Parks and Recreation Association. Registration must be made in advance.

Further information regarding the meeting can be obtained from the Lake County Cooperative Extension Service, Lake County Fair Grounds, Grayslake, Illinois 60030.

#### EASTER SEAL TELATHON

Con't from Page 6

County has a therapy center in Gurnee, providing speech therapy, physical therapy, free equipment loan and a referral service.

"If you don't have a crippled child, will you help one of ours," Sachs quoted the slogan for the Easter Seal Campaign, "and your pledge stays here in Lake County."

"We will have over two hundred volunteers working with us in Lake County," Sachs concluded, "this includes young people working on 'Lily Tag Day' March 25 - also two local teams of the 'Affiliated League of Emergency Radio Teams' known as 'Alert'.

## Emmons Wraps-up Title with Two Wins

Emmons school blasted Spring Grove out of the gym in what was scheduled as a title fight. The Raiders turned back Spring Grove 34-24 in the "B" game and rolled to a 67-48 win in the "A" contest.

In the "A" game, Emmons maintained its lead from the opening basket to the final buzzer. Jon Bodin playing an excellent game, led the Raiders with 20 points and 16 rebounds. Jeff Eder backed Bodin with 18 points and 12 rebounds to provide the difference in the game. Chuck Hofmann of Spring Grove led all scorers with 22 points.

In their next game the Raiders moved to Grass Lake to engage the Braves in battle. The battle turned to slaughter as the Raiders rolled to a 66-22 win.

The Raiders again were led

to victory by Bodin who bagged 17 points and grabbed off 17 rebounds. Again Eder joined in with 12 points and 12 rebounds.

In the "B" contest Emmons was led by Bill Dubek and Chris Hall with 11 points each to down Spring Grove.

In the Emmons "B" game against Grass Lake it became a contest of who could score the least. At half-time, all each team could manage was 2 points. Chriss Hall hit a free throw to tie the game 7-7 at time ran out.

The Raiders hit their hottest streak of the night, with 4 points in three minutes in overtime play. Chris Hall hit both ends of a one and one to

give Emmons the lead which was never lost.

This combination of

victories mathematically clinches the championship for Emmons in both divisions of the Big Six Conference.

## ST. PETE'S TO HOLD TOURNEY

St. Peter's eighth grade basketball team will host a ten team Invitational Tourney this coming week, according to Mr. Bernie Gutowski, eighth grade

skipper at St. Pete's.

The games will be played at the school's social center with first game tip-off scheduled for Saturday, March 11th at 9:30 a.m. The first contest will feature the host school and Spring Grove's cagers.

Schedule for other games is as follows:

10:45 a.m. - St. Joseph's of Wheeling vs Lance Jr. High of Kenosha

1:00 p.m. - Antioch Upper Grade School vs Santa Maria of Mundelein

2:15 p.m. - Salem vs Holy Rosary

3:30 p.m. - Woodland Jr. High vs St. Joseph's of Round Lake

Winners of these games will face-off Tuesday, March 14th at 7 and 8:15 p.m. and Friday March 17th at the same times.

The third place consolation game is set for 5:45 p.m. on Saturday, with the championship immediately following.

There will be a small admission charge for the Tourney to cover expenses.

While tournament details were being ironed out, St. Peter's cagers were sweeping three games.

In games held Sunday at St. Mary's of Freemont, the eighth graders had little trouble as they marched to a 62-47 win. Tom Gutowski and Chris Boarini were the scoring leaders with 19 and 14 points respectively.

The seventh graders dominated every phase of their game and came home with a well deserved 78-37 triumph. High scorers were Joe Cermak with 22 and Jeff Mihovilovich's 16.

Tom Huebner led his sixth grade mates to a 48-22 victory. Tom pumped in 20 points and was at his usual tricks under the boards.

# Sequoits Bow to Mc Henry 63 - 61

**JOHN GRETZ**  
Sports Editor

Time ran out on Antioch's basketball dreams Friday, as they suffered a heart breaking two point loss to McHenry in the regionals 63-61.

In what had to be one of the most exciting games of this or any other season, the teams traded baskets and scored at will with the count being knotted on 18 occasions. Antioch took a short 6-3 lead at the outset and the teams played on a fairly even terms until a last second shot put McHenry in the lead by two 17-15 at the buzzer.

The second quarter was equally close as the lead changed hands several times much to the delight of the fans at the jam-packed McHenry gym. A last minute flurry put the McHenry team ahead at the half 37-34.

McHenry got the edge in the early going of the 3rd quarter and grabbed an 8 point edge on

the merits of long outside shots. With the score 45-37 with 5:31 remaining Coach Roger Andrews had his men call a time out to regroup.

The breather and talking to was all the Sequoits needed as they ran off nine straight points largely on the shooting and heady play of guard Tim Mieure. The all conference selection hit on 3 straight shots and added a free throw during the spurt to send Antioch ahead 46-45.

The remainder of the see-saw quarter was a duel of missed shots and rebounds. Antioch drew a slight edge on this count and took a slim 50-49 lead into the final eight minutes.

This was the quarter that sent fans leaping up and down on every shot, basket, rebound and turnover. The score was tied on six different occasions, though the Sequoits were never in the lead past the opening seconds. Both teams knew that every pass, shot and dribble were more than important, they were crucial.

But the victory was not in the cards and the Sequoits watched helplessly as McHenry stalled away the games final 23 seconds following the shot that meant it all and put it away for them.

In the final analysis it was the balance of McHenry that meant the difference between a run at Champaign and a sorrowful return home. The host school presented a balanced attack and lost little effectiveness when forced by fouls to go to the bench.

Coach Roger Andrews, although understandably disappointed had high praise for his varsity players.

"It was one of those rare games when a coach can do nothing but watch. The kids did everything they possibly

could and played a near perfect game."

"It was a great game, but one somebody had to lose. I'm only sorry it ended up being us."

Andrews singled out Pat Michalak as playing "perhaps his greatest game." The senior center scored 25 and took 11 rebounds, both highs for the squad.

"Tim Mieure played his usual fantastic game," Andrews commented. "He carried us for the entire year and I'm sure we would never have lost those two or three games if he had been in." The junior tallied 18 points and had a game high 9 assists.

Jeff Williams played a "very consistent" game according to Andrews. The graduating senior hit on 5 of his 7 shots for 10 points.

## ANTIOCH SOPHOMORES WIN TOURNAMENT

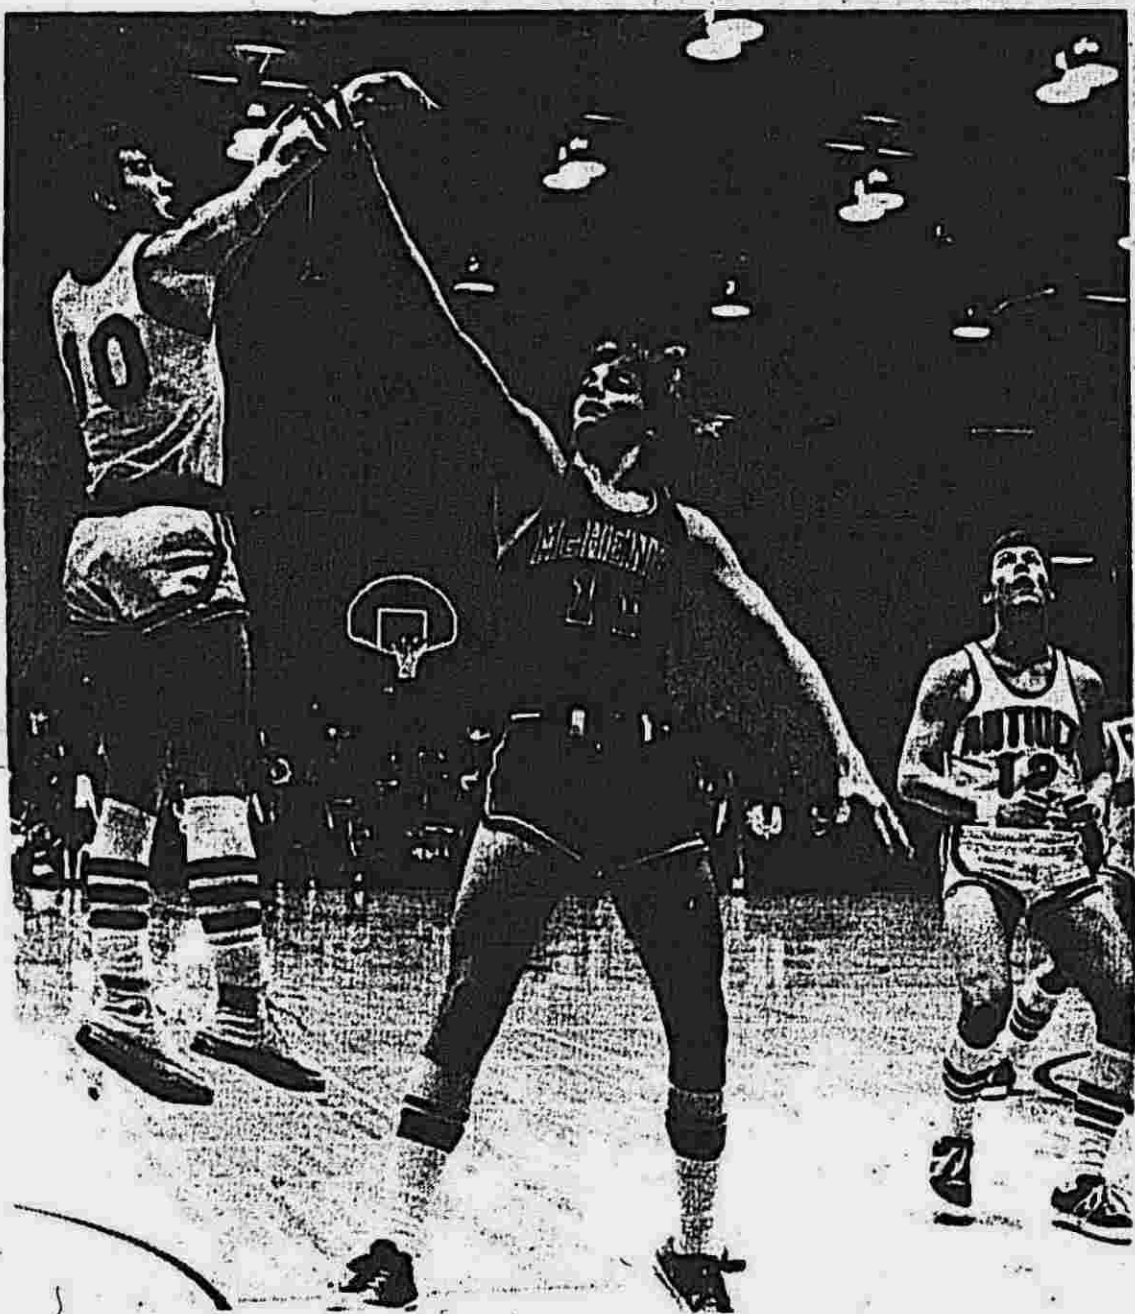

Antioch's Sophomore Basketball team closed out its season in grand fashion by winning the tournament held last Saturday at Antioch. The road to the championship included wins over Harvard and Libertyville. Antioch downed the Harvard Hornets 75-57 in the afternoon and came back to clip the Libertyville Wildcats 48-46 in the evening session. Harvard squeaked out at 50-49 win over Stevenson High of Prairie View to clinch third place.

In The first game the junior Sequoits jumped off to an early lead and continued to build on it despite the fact that Coach Norm Hahn used all of his players. "Super-Sub" Rick Sedor came in during the second quarter and claimed scoring honors with 21 points. Mike Gutowski and Vic McGuire were also in double figures with 15 and 12 points respectively. Altogether ten players scored as Antioch coasted home with its highest point total of the season.

In the title match with the Wildcats, Jim White led the Antioch attack with 13 points. Other top scorers were Gutowski with 11 points and John Janosko with 9 points. Antioch trailed throughout most of the game, but as the Sequoits tightened up on their zone defense the second half, the lead changed hands. The home team outscored the visitors 22-17 during the last two quarters.

Coach Norm Hahn was well pleased with the play of his team. He felt they played better team ball and made fewer turnovers than in any other two games this year. He also expressed pleasure that so many players got a chance to play and that they did a very creditable job.

Winning this trophy means that all six winter teams at Antioch garnered at least one trophy.

## 885 Club Ice Derby A Huge Success

The winds died down as the temperature went up and some 2,200 odd cold weather fans trekked out on the frozen waters of Lake Catherine, Antioch, Illinois, creating an appearance not unlike bulrushes in a pond.

They came out determined to carry home an armload of prizes provided by Antioch's 885 Club as rewards for catching fish and having fun.

There were prizes for cutting holes in the ice; for running fastest in a sack; for ice skating; for guessing the correct number of minnows in a 5-gallon bottle and for kite flying. In fact, there were so many prizes to be given away that one was even offered to senior citizens over 65 for first place in a breathing contest.

The most exciting event was the penny scramble for kids

under 8 years of age as they went about retrieving 2,000 pennies from a pile of 5 bales of straw spread out on the ice. This event was further enriched by Sheriff Orville "Pat" Clavey who threw in 80 quarters and who was on hand with his Snowmobile Patrol to promote safety and lend a helping hand.

The list of major prize winners follows:

1st Prize- 7 1/2 H.P. Mercury Motor-G. Percy, Elk Grove, Ill. 2nd Prize- 14 Foot Aluminum Boat-H. Rydquist, Crystal Lake, Ill. 3rd Prize-His and Hers Snowmobile Suits-Beverly Willard, Waukegan, Ill. 4th Prize-Zenith Tape Recorder-Carol Thompson, Lake Villa, Ill. 5th Prize-Ovenware Set-H.P. Dombrowski, Chicago, Ill. 6th Prize-2 Boat Cushions-B. Baberhorn, Antioch, Ill.

## SIXTH RACING SEASON SOON

Hobby Stock Car racing will be starting its sixth season at the Waukegan Speedway when the track kicks off the 1972 season on Saturday night April 8 and Sunday afternoon April 9. And some of the op late model drivers who will be racing on the same dates broke into racing through Waukegan's hobby class.

"Hobby stock racing is for experience and fun, not to make money," says promotor Grodon Sill of the Waukegan Speedway. "In 1966 a number of drivers asked for a low-budget way to race without jumping right into the late model class. Hobby racing was the answer and we've had it ever since 1967."

"A hobby driver stands to win less prize money winning the hobby feature than a late model driver receives on an average night winning a preliminary heat race," Sill continues. "That's why we have a good hobby class because the drivers don't go

over-board in building their cars."

Last year for the first time the hobby class shared in the end-of-the-year bonus fund. The response from the group was so good that this year a separate fund has been formed for the hobby drivers with the top 15 point finishers dividing the money. The top driver will pick up at least \$300.00 in bonus, but that is likely to go higher.

Among the drivers who have moved out of the rough and tumble hobby class for the late model class in 1972 are Wendell Stevenson, Chuck Chadwick, Cheryl Arndt, Jim Couch, Dave Stirsman, Chuck Clark, and Tom Reuss.

Couch won the hobby championship in 1967 with Bob Klemm taking the title the next year. Reuss was the top driver in both 1969 and 1971 while Tom Oliver was crowned in 1970. Of these four champions, only Oliver has been fortunate enough not to have rolled over while in hobby competition.

Hobby rules and registration are available by writing the Waukegan Speedway, 3305 Washington Street, Waukegan, Ill. 60085.

## 2 area girls meet compete in swim

Saturday, March 4th two Antioch area girls took part in the Y.M.C.A. District II Swimming Championships held at Glenbrook South High School in Glenview, Illinois. They were (Left) 13 year old Mary St. Pierre and (Right) 10 year old Jenny Schmidt. These girls were two of the thirteen swimmers that qualified to compete in this meet from their team.

Mary swam the 100 yard Individual Medley in 1:21.6, 50 yard Freestyle in 30.6

placing 12th, and 50 yard Backstroke in 35.3 placing 3rd and qualifying her for the finals in which she placed 5th with a 35.4.

Jenny swam 100 yard Individual Medley in 1:31.7, 50 yard Butterfly in 40.9 placing 12th and 50 yard Breaststroke in 44.3 placing 12th.

Both girls did a fine job representing their Waukegan Y.M.C.A. Swim Team and are looking forward to swimming this summer as part of the Antioch Swim Team.

## Parent's Goal - MATS for Wrestlers

The Lake Villa Intermediate School Parent's Wrestling Club has kicked off their fund drive to purchase wrestling mats by holding a gala raffle on February 26th.

The group offered a snowmobile, double trailer and pack sled as the prizes and netted nearly \$1,400 for the fund.

The mats, approximately 34 feet by 34 feet, cost in the neighborhood of \$2,300 and club members have high hopes that the additional money can be raised by other projects and business contributions.

Parents decided to raise the money when they learned the School Board had no funds to budget for the equipment. There were approximately 85 boys participating in the wrestling program this year.

Raffle prizes were won by Daniel Miller, of Lake Villa (first prize), Rod White, of Antioch (second prize) and T. H. Keenan, of River Grove (third prize).

Dan Miller, winner of the snowmobile, provided an interesting sidelight to the raffle. Dan is a student at the Intermediate School and a wrestler. He said this was the first raffle of any kind he had entered.

Parent's Club members had special praise for Mr. and Mrs. Claude Anderson, of Lindenhurst and Neilsen Enterprises of Lake Villa, who had provided the "drive" and "inspiration" for this first fund raiser.

## When Offspring Flee The Family Nest

A Man Should Have His Portrait Made!

Rarely is a man so truly loved or deeply respected, his approval and advice so earnestly sought, as when his children leave home for the very first time.

In a new world with mountains to climb, decisions to make and his own experienced wisdom so far removed, a father's portrait may be the best support he can lend. A fine professional portrait can speak through memory of things once said, extend a helping hand through time and distance.

If your children are preparing to go away, make arrangements now for that important portrait. You've never been greater, wiser or more handsome.

IT'S LATER THAN YOU THINK!

## Lake County To Purchase Radar Unit

Transportation Secretary William F. Cellini has announced approval of a highway safety project which provides for the purchase of a radar unit to be used by the Lake County Highway Department for speed zone studies on county and township roads.

The total cost of the project will be approximately \$1,600. One-half of this will be reimbursed to Lake County, upon completion of the project, from federal funds available to the State of Illinois under provisions of the Highway Safety Act of 1966, Cellini said.

This local project is one of more than 750 county and municipal projects being conducted as part of the State Highway Safety Program. A number of projects are also being carried out by State agencies under the direction of Governor Richard B. Ogilvie to promote greater highway safety through advanced technology and training.
